### Student Tutorial Gr 3 - 5 Math

## Math Directions

**Today you will take a test in mathematics.**

For this test, you will answer selected-response questions.

Some of the questions may look different from test questions you have seen before, and some may ask about material that is new to you, but it is important to do your best.

*If you are not sure of the answer to a question, you should still try to answer it.*

**You may use a calculator to answer some questions in this section.**

6

- 5. You will see this screen if you have accessibility features or accommodations assigned; adjust if needed and click Continue.**
- 6. On the Directions screen you will read the directions for the assessment and then click Continue to begin.**

# STUDENT TESTING INTERFACE

## Navigation

The screenshot shows the student testing interface. At the top, there is a 'Question' dropdown menu with '4' selected and a star icon with '2' next to it. To the right are 'Zoom' and 'Text-to-Speech' controls. Below this is a navigation bar with 'Passage 1' and 'Passage 2' (with an arrow icon and '3' next to it). The main content area displays a reading passage titled 'A Story About Nothing' by Anonymous. To the right of the passage are multiple-choice questions with options A, B, C, and D. At the bottom, there is a toolbar with icons for a calculator, ruler, protractor, and other tools. On the far right of the toolbar are buttons for 'Clear', 'Pause/Exit', 'Back', 'Next', and 'Finish', each with a numbered callout (5, 6, 7, 8).

1. **Test Map:** Clicking on a question number takes you to the Test Map and allows for review of the questions in the session.
2. **Bookmark:** Clicking on the star allows you to bookmark the question to return to later.
3. **Expandable Passage:** Clicking on the arrow allows you to expand the passage to full screen, clicking the arrow again resumes side by side window.
4. **Internet Connectivity:** Green = Connected, Grey = Not Connected to the Internet.
5. **Clear:** Removes all responses from the current question.
6. **Pause/Exit:** Pauses or exits the current test session. You will need your password for the test to resume testing when paused.
7. **Navigation Buttons:** The Next & Back buttons allows you to move forward or backward one question at a time.
8. **Finish:** Clicking Finish will take you to the test review page where they can submit their test for scoring.

## Internet Connectivity Issues at Home

If internet connectivity goes in and out during testing you will be able to continue to take your test, your responses will be saved in your browser's cache.

If there is no internet connectivity when you turn in your test you will see a message providing instructions. The message will instruct you to relaunch the web browser on your testing device and navigate to the student test interface

(<https://newmexico.measuredprogress.org/student/>) after internet connectivity has been restored. This will force any test data saved on the browser to be sent for scoring.

Additional information on what to do in this situation, as well as information on other error messages you may see are outlined in the [Browser Testing User Guide](#).

**NOTE:** Do not clear browsing data/cache when you are trying to establish internet connection during testing or submitting a test offline.

For all questions and technical issues please contact your school.

### Please raise your hand and notify your proctor.

A connection to the network could not be established. Your test has been saved offline.

Proctor, this student's test responses have been stored locally on this device. When network connection is restored, you must re-launch the kiosk or mobile app from this device in order to send the stored responses to the servers, or you can also try to send responses by clicking "Send Responses" button.

Send Responses

Do not move the student to a different device.

If you have any questions, please contact technical support immediately.

I have read this statement and understand that I must follow these directions or the student's responses may not be sent to the server and scored.
