New Mexico Parent Portal

Family and student facing site designed to:

- Provide students and families with online access to a student's Cognia interim and summative assessment scores; and
- Assist students and families with tracking assessment information throughout the student's academic career.

New Mexico Parent Portal

- The NM Parent Portal will open on 11/17/2020 with Beginning of Year (BOY) Interim Measure's of Student Success (iMSSA) information.
 - iMSSA is available for grades 3-8 in reading, language usage, and mathematics.
- Summative Cognia Assessment information will be added after the Spring administration.
 - New Mexico Measure's of Student Success (NM-MSSA) is available for grades 3-8 in reading, language usage, Spanish language arts, and mathematics.
 - New Mexico Assessment of Science Readiness (NM-ASR) ASR is available for grades 5, 8, and 11 in science.

Demo Accounts for DTCs and Educators

- A list of fake student logins will be released when the portal opens and will be available on the Help and Support Site.
- These can be used to log into the New Mexico Parent Portal to see demo data for students and enable educators to see what families can see.
- Support information is available on the [Parent Portal Resources Page](#) of the Help and Support Site.

Other Frequently asked Questions

- What if a student has parents that live in separate households, can there be a separate login for each parent?
 - Since the portal recognizes the student by their SSID, only one portal login can be identified with each student.
- Can a family member having technical difficulties call the New Mexico Help Desk for support?
 - As the representatives at the Help Desk do not have a way of verifying the identity of the family member, they are not permitted to grant access to the portal to anyone who is not a school or district representative. Family members should work directly with schools and districts. An STC or DTC is welcome to call the Help Desk for support at 1-877-676-6722 or nmtechsupport@cognia.org or use the [live chat link](#) on the Help and Support Site.
