1. Overview

1.1 About this Manual

This manual outlines the steps to be followed before, during, and after administration of the spring 2022 New Mexico Assessment of Science Readiness (NM-ASR) and the spring 2022 New Mexico Measures of Student Success and Achievement (NM-MSSA). Understanding of and compliance with each of these steps is vital for a successful administration. Please read this manual to become familiar with the test administration procedures before testing begins.

1.2 About the Tests

The NM-ASR is based on New Mexico's new STEM Ready! Science standards, which combine the NGSS and New Mexico's six specific standards. The new standards focus on important disciplinary core ideas, scientific and engineering practices (e.g., asking questions, developing and using models), and crosscutting concepts (e.g., patterns, cause and effect, stability and change) that apply across scientific disciplines.

The assessments will provide information regarding each student's progress toward achievement of essential knowledge and skills that will help them explain and make sense of phenomena in the world around them, solve problems, and apply their scientific literacy to understand the scientific dilemmas they may face as adults.

The 2022 NM-MSSA assessments will be administered in either computer-based test (CBT) or paper-based test (PBT) formats. English Language Arts (ELA) and Spanish Language Arts (SLA) assessments will focus on reading skills related to the comprehension and analysis of texts, the analysis of pieces of writing and knowledge of standard language conventions, and the production of writing while using standard language conventions. Mathematics assessments will focus on applying skills and concepts and understanding multi-step problems that require abstract reasoning and modeling real-world problems, precision, perseverance, and strategic use of tools. In both content areas, students will demonstrate their acquired skills and knowledge by answering items of various types, such as selected-response items, multiple-select items, evidence-based selected selected-response items, and open-response items.

Each NM-MSSA assessment comprises two sessions. NM-ASR assessments comprise three sessions. During administration of NM-MSSA Mathematics assessments, calculators are not allowed during the first session of the test, but all students are allowed to use calculators during the second session. Calculators are not allowed on NM-ASR assessments. For more information regarding calculator use in Mathematics, refer to [Appendix E](#). Refer to [section 2.2.2](#) for additional information about the number of sessions for each assessment.

1.3 Test Administrator Responsibilities

Test administrators (TAs) are vital to the success of the NM-ASR and NM-MSSA. For this reason, the instructions given in this manual must be followed exactly by each TA.

The TA must be a certified staff member who has received training from the School Test Coordinator (STC) or District Test Coordinator (DTC). If schools require additional staff to administer the NM-ASR or NM-MSSA, other staff members (who have received training and have signed the PED Confidentiality Agreement) may be used to provide one-on-one accommodations. Please contact PED with questions.

The TA's primary responsibilities include

- reading this manual,
- meeting with the STC to review the testing schedule,
- preparing the test environment so that nothing is visible that would provide aid in answering any of the questions on the test,
- ensuring a standardized test environment by following the directions and scripts in this manual, and
- testing the assigned group(s) of students according to the instructions in this manual.
- For paper-based testing, the TA (and/or proctor) is also responsible for the test materials during test administration and must report any missing test booklets or answer documents to the STC.

A TA task checklist is provided in [Appendix A](#).

2. Administration Policies

2.1 Security Guidelines

2.1.1 Security of Test Materials

The New Mexico Statewide Assessment Program requires that the NM-ASR and NM-MSSA receive the highest level of test security and accountability. The security of NM-ASR and NM-MSSA materials must be maintained before, during, and after the test administration. Please follow the guidelines in this manual for distributing, collecting, and returning these materials. Be sure that all testing personnel have access to a central, locked storage space for the safekeeping of test materials until the materials are returned to Cognia.

To maintain the validity of the tests administered in the statewide assessment program, keeping all test questions secure is absolutely necessary. If security is breached or compromised, the assessment results may not be valid. If one student, school, or district has advantages not awarded to another, the test administration is no longer standardized and loses the important distinction of being appropriate for program accountability.

TAs must follow these security guidelines before, during, and after testing:

- Receive training on test security and administration by the STC or the DTC.
- Complete the New Mexico PED Confidentiality Agreement and return it to the STC. (The Confidentiality Agreement form is available on the PED website—see link in [Appendix B](#).)
- Follow the testing schedule established by your school.
- Ensure that you are not assigned to a classroom in which a relative is being tested.
- Carry out standard examination procedures.
- Ensure secure test materials are stored in a central and locked, secure area when not in use.
- Use the Security Checklist or a similar tracking tool daily, as provided by the STC, during test administration to check in and check out all test materials. See [Appendix C](#).
- Report any possible breaches of security to the STC immediately.
 - › Examples of security breaches include, but are not limited to,
 - improper handling of test materials, such as
 - someone reproducing any student responses;
 - allowing any unauthorized access to test materials before, during, or after testing; or
 - leaving test materials (including computers being used for computer-based testing) unsecured when the TA or a proctor is not in the classroom; and
 - improper test administration procedures, such as
 - coaching students during testing, or
 - altering student responses in any way, or
 - stray mark cleanup, including but not limited to erasing double-marked, lightly erased, or lightly marked answers.

School and district staff members are prohibited from studying or discussing online test questions in any manner, either among themselves or with students, before, during, or after testing.

What Is Considered Secure Material?

For paper-based test (PBT) administration,

- test booklets, answer documents, periodic tables written on by students, and scratch paper written on by students are secure.
- students may be provided with scratch paper for their use on the test. All scratch paper must be collected and securely shredded at the school immediately following testing.

For computer-based test (CBT) administration,

- the Student Login Tickets, periodic tables written on by students (if locally printed), scratch paper written on by students, and human-reader scripts (if applicable) are secure.
- students may be provided with scratch paper for their use on the test. All scratch paper must be collected and securely shredded at the school immediately following testing.

It is important that students are not provided access to secure test materials except during test administration. Early exposure to secure test materials will invalidate the data results for the student's test.

Reproduction or Unauthorized Distribution of Secure Materials

Unauthorized reproduction of test materials is a violation of the Federal Copyright Act and of section 6.10.7 of the New Mexico Administrative Code (NMAC), which addresses test security and administration of the New Mexico Statewide Assessment Program. One requirement of this regulation is that signs be posted near school copy machines before and during the test administration window to notify individuals that NM-ASR and NM-MSSA materials may not be reproduced in any fashion, including paraphrasing.

The test materials may not be provided to any persons not coordinating and administering the test or being tested.

Test questions may not be taught in part or in whole before, during, or after testing. Test questions may only be presented to students during the test administration period via the standardized procedures described in this manual and the *Test Coordinator's Manual* (TCM). The answers to questions may not be provided to students by any method (e. g., orally or in writing). Answers to test questions may not be deleted or altered by anyone except the student while taking the test. Reading test questions aloud to students, except in instances specified in this manual, is only permitted if the student qualifies for such an accommodation. Please see the list of prohibited activities in [section 2.1.3](#). Additional guidance is on the PED website.

2.1.2 Electronic Device Policy

Under direction of the PED, schools must enforce a strict electronic device policy during standardized testing to maintain test security. This policy applies to administrations of all New Mexico state assessments. If parents or family members need to contact a student during testing days, they may call the school office.

What is Considered an Electronic Device?

The term electronic device includes any personal, non-educational device with an on-off switch excepting medical equipment. This includes the following common devices:

- cell phones
- smart phones
- MP3 players, iPods, or other music players
- iPads, tablets, laptops, or other computers
- smart watches

Before Testing Begins

Schools must clearly inform students that

- **bringing an electronic device into the testing area violates school and state policy, and**
- **violation of this policy is grounds for confiscation and a search of the device.**

The following procedures must be implemented when test materials are distributed:

- Electronic devices must be turned completely off. They may not be on “silent” or “vibrate” modes.
- Electronic devices may not be on a student’s body. This includes in pockets or otherwise stored in clothing.
- If brought to school, electronic devices must be stored in a secure location away from students. Acceptable storage includes in a bag, desk, locker, or central location in a classroom or school office.

During Testing

If an electronic device is found on a student during testing, schools must proceed as follows:

- Confiscate the electronic device.
- Contact the STC, Principal, and/or the DTC.
- Check the device for pictures, texts, transmissions by applications (such as Instagram), and any other recent use.
- If possible, run a data recovery program that is compatible with the device’s operating system (commonly Windows, Android, Apple, and Blackberry) to determine recent use of the device.
- Continue testing the student.
- At the completion of a testing session, interview the student regarding use of the device.
- Enforce school/district disciplinary action.
- Fill out Testing Irregularity Reporting Form and submit to the STC.
- Students caught with electronic devices during testing may have assessments invalidated by the PED.

2.1.3 Prohibited Activities

It is unethical and shall be viewed as a violation of test security for any person to

- allow students to share information during the test administration;
- provide assessment accommodations that do not have instructional relevance or are not connected to a specific skill deficit determined by the student’s educational team (**Note:** Text-to-Speech is considered an accessibility feature for the NM-ASR and the NM-MSSA Mathematics assessment, and an accommodation for the ELA assessment.);
- give special assistance of any kind that could influence students’ responses to test questions;
- direct a student to change responses to test questions or suggest that he or she should;
- allow students access to NM-ASR or NM-MSSA questions before testing;
- change a student’s response to a test question;
- photocopy, transcribe, or in any way duplicate any part of the NM-ASR or NM-MSSA;
- allow students to have cell phones or electronic devices not medically necessary during test sessions;
- fail to return all used and unused secure test materials;
- review the test questions for any reason;
- discuss the test with students/colleagues during or after the test administration; or
- fail to report any violations of these test administration security measures.

School and district staff are prohibited from studying or discussing test items in any manner, either among themselves or with students, before, during, or after testing.

2.1.4 Testing Irregularities and Security Breaches

All administrations of the tests are to be conducted under the standardized procedures described in this manual. Testing irregularities, such as potential cheating, and any suspected or actual breach of security should be reported immediately by the TA to the DTC or STC.

If any certified school employee is involved with any of the unauthorized activities cited in the Security Guidelines section (section 2.1) of this manual, that employee is in jeopardy of possible license revocation by the PED.

2.1.5 Student Confidentiality

The Family Education Rights and Privacy Act (FERPA) requires that access to individual students' information be restricted to the student, his/her parents/guardians, and authorized school personnel. All superintendents and charter leaders, principals, DTCs, and STCs are responsible for maintaining the privacy and security of all student records.

Individual test scores, as well as all other aspects of a student's record, are confidential. Scores can only be released only in instances of school staff needing to know them, valid requests for transcripts, or the student/parent enforcing his or her right to inspect and request explanations of his or her records. In some instances, a court order or subpoena may require the release of this information; however, the student/parent must be informed of this request before any information is released. Test scores may also be released to parents or guardians of all students enrolled in a New Mexico public school.

Researchers may obtain test scores from school districts provided the information requested is at the group or cohort level. No information may be reported for groups smaller than 10 students.

Those who work with student test scores are required to withhold confidential information unless proper release is granted by the caretaker of student records. School personnel are also charged with maintaining the results of standardized tests as part of student records.

2.2 Administration Information

2.2.1 Testing Requirements

In 2022, New Mexico will administer the NM-ASR to all eligible students enrolled in grades 5, 8, and 11, and the NM-MSSA to all eligible students enrolled in grades 3–8. PED will hold all schools accountable for participation in the NM-ASR and NM-MSSA.

Students participate either under standard testing conditions or with accommodations that do not interfere with the comparability of scores. Exceptions to the requirement for all students to participate are permitted only in the following circumstances:

- Students with significant cognitive disabilities who meet the eligibility criteria established by the PED and participate in the Dynamic Learning Maps (DLM) assessment are not required to participate.
- Students with a PED-approved medical exemption are not required to participate.
- EL students who are enrolled in U.S. public schools for their first year, and their home language is not Spanish, are exempt from the ELA portion of NM-MSSA.
- EL students who are enrolled in U.S. public schools for their first year must participate, with appropriate accommodations provided as needed.
- Foreign exchange students, private school students, homeschooled students, expelled students who have refused educational services, and those students who have withdrawn from the school or district are not required to participate.

For additional information about testing requirements, please contact the PED via telephone at 505-827-5861 or email at ped.assessment@state.nm.us.

2.2.2 Test Design and Durations

NM-ASR Question Types

The NM-ASR is composed of a variety of question types. Some questions are grouped in clusters that correspond to a shared stimulus (a passage), while other questions are standalone. There are open-ended response questions (OEs), which are human-scored, and one- and two-part, machine-scored questions (MS-1s and MS-2s). The MS-1s are worth one point each, and the MS-2s are worth two points each. The MS-1s and MS-2s include multiple-choice, multi-select, and various technology-enhanced interaction types, including the following:

- drag-drop
- fill in the blank
- graphing (bar, point/line)
- hot spot
- inline choice
- matching

Administration Times

All test sessions, including make-up testing, must be completed during the test administration window. (Refer to the Important Dates table on the inside front cover of this manual.)

Administration time is the total time that schools should schedule for each test session. It includes the session testing time and the approximate times for administrative tasks such as reading directions, answering questions, and distributing and collecting test materials. See the following table.

Administration Time: Guidelines for Scheduling

Task	Time to be Allotted for Test Administration
1. Pre-administration tasks, including reading instructions to students and answering questions.	10 minutes
2. Distribution of test materials to students.	5 minutes
3. Administration of session.	Refer to the session testing timetables
4. End-of-session activities, including collecting test materials.	5–15 minutes

Testing Times

The NM-ASR and NM-MSSA are untimed tests. Suggested times are provided to assist with scheduling. The suggested testing times for the 2022 assessments are listed in the following tables.

NM-MSSA Session Testing Times

Subject(s)	Session	Estimated Testing Time (Minutes)	Calculator Status by Section
Mathematics Grades 3–8	Session 1	60	Non-calculator
	Session 2	60	Calculator
ELA Grades 3–8	Session 1	60	
	Session 2	90	
SLA Grades 3–8	Session 1	60	
	Session 2	90	

NM-ASR Session Testing Times

Subject	Session	Estimated Duration (Minutes) ¹	Number of Questions	Question Types ²
Science 5 and 8	Session 1	50	17	MS-1, MS-2, OE
	Session 2	50	17	
	Session 3	50	14	
		Total: 150	Total: 48	
Science 11 (HS)	Session 1	55	18	MS-1, MS-2, OE
	Session 2	55	17	
	Session 3	55	16	
		Total: 165	Total: 51	

¹ This estimated duration does not include the additional 15 minutes per session normally recommended for the TA to distribute materials and read directions to the students.

² MS-1 = machine-scored, 1-point, multiple-choice; MS-2 = machine-scored, 2-point, two-part (including multi-select and technology-enhanced interaction types); OE = open-ended response

For more information about the test design, refer to the NM-ASR Summative Test Specifications public facing document found here: newmexico.onlinehelp.cognia.org/resources-nm-asr.

3. Accessibility Features and Accommodations

3.1 Overview and Policies

Accommodations and participation decisions will be made by each student's educational team. The team should have ensured that the student received the agreed-upon, allowable accommodation(s) in instruction and classroom assessments in the content area for a sufficient amount of time before the NM-ASR and NM-MSSA administrations so that the student will be comfortable with using it on the assessments. Unlike accessibility features, the use of each accommodation in daily instruction must have written documentation in the Individualized Education Program (IEP), 504, or EL plan. Only students on IEP, 504, or EL plans are eligible for accommodations. Students who have achieved fluent English proficiency are not eligible for EL accommodations.

For additional PED guidance concerning accommodations on the required summative assessments, refer to the *2021–22 Assessment Accommodations & Accessibility Manual* (available at webnew.ped.state.nm.us/wp-content/uploads/2021/09/2021-22-Accommodations-Manual.pdf).

For PBT administration, fill in the bubble for each accommodation used for each student in accommodations boxes H and I on the next-to-last page of the PBT answer document, as applicable.

For CBT administration, the DTC or STC **must** assign accessibility features and accommodations embedded in the iTester system before the start of testing. TAs cannot perform this task.

Modifications are changes in test administration that interfere with the comparability of scores. Examples of such modifications include giving students test administration directions that are not included in this manual.

Any assessment in which modifications are provided must be invalidated.

3.2 Requirements for Computer-Based Testing

3.2.1 Setting Accessibility Features and Accommodations

The DTC or STC **must** assign accessibility features and accommodations embedded in the iTester system before the start of testing. TAs cannot perform this task. For example, the Text-to-Speech feature **must** be assigned before scheduling a test and **cannot** be assigned after the student has logged in to any session of any test without delaying your testing schedule. Other accommodations to be delivered locally are also documented in the Portal. Call the New Mexico Help Desk with any questions related to assigning accommodations in the iTester system.

3.2.2 Online Portal Accessibility Features and Accommodations Chart

The following accessibility features and accommodations are available to some students.

Feature/ Accommodation	Icon	Description/Action

Word Prediction (Embedded)		Students taking English language tests can access Co-Writer® word prediction function in text entry items. This function will be available in Windows and Mac this year. It will also be available in Spanish this year. Does NOT require Co-Writer license.
ASL Videos		(Accommodation) Students can play a video with American Sign Language interpretation of item content.
Basic or Scientific Calculator (for non-calculator portions of the Mathematics tests)		(Accommodation) Provides either a Basic or a Scientific calculator to assigned students on the non-calculator portions of the Mathematics test.

*Text-to-speech feature for the NM-ASR must be assigned before scheduling the test.

If selected in the portal, accessibility features (including Text-to-Speech) will appear and can be adjusted on the student's test interface.

3.3 Requirements for Paper-Based Testing

Please read these directions carefully before you administer the test.

3.3.1 Test Security

All security measures outlined in this manual are applicable and must be followed when testing with the large-print and Braille versions of the test. **Duplication or retention of any large-print or Braille test material is not permitted.**

3.3.2 Administering the Large-Print Version

Students who are administered a large-print version of the NM-ASR or NM-MSSA must be given a large-print test material packet. The packet includes a large-print instructions sheet, a large-print test booklet, and a standard-sized test booklet and answer document.

Please consider the following when administering the large-print test:

- You should read the directions and scripts in this manual the same way as for a standard administration.
- The large-print test booklet is 11" × 17". It is recommended that these tests be administered to students at tables (perhaps library-sized) to allow for the booklet's size and to ensure student comfort.
- In addition to the materials in the large-print packet, students should also be provided with soft-lead No. 2 pencils. The appropriate calculators should be made available for students taking the Mathematics tests (see [section 9.3.2](#) for details).

Student Responses

Only responses bubbled and written in the standard-sized answer document or typewritten responses to short-answer and open-ended questions will be scored. All responses to multiple-choice, short-answer, and open-ended questions that are not completed directly in the answer document or typewritten **must** be transcribed into an answer document before shipping. Consider the following options with the student to determine the best method for recording the student's responses:

- Students may use No. 2 soft-lead pencils to record their responses in the answer document. (Do not allow students to use mechanical pencils.)

- Students may respond to all questions in the large-print test booklet. **Answers in the large-print test booklet will not be scored. Therefore, answers written in the large-print test booklet must be copied into the answer document to be scored and reported. The scribe must be sure to transcribe exactly what the student has marked.**
- Students may type their responses with a word processor (without the aid of either a spelling or grammar check). **NOTE: The TA (or the proctor) must transcribe all multiple-choice answers into the answer document.**
- Students may use a scribe to write oral responses or fill in bubbles for multiple-choice questions in the answer document.

If typewritten responses to constructed-response questions are permitted as an accommodation, follow the instructions in [section 3.3.5](#).

3.3.3 Administering the Braille Version

Students who are administered a Braille version of the NM-ASR or NM-MSSA must be given a Braille test material packet. The packet includes a Braille instructions sheet, a Braille test booklet and associated test administrator notes, a standard test booklet, and a standard answer document, and any content-appropriate ancillary materials.

Please consider the following when administering the Braille test:

- You should read the directions and scripts in this manual the same way as for a standard administration. You may make adjustments to the specific directions for administering a test as needed to ensure that students taking the Braille version of the test understand the testing procedures. For example, you should tell students they do not need to read or pay attention to the copyright notice that appears in the Braille version.
- Various materials (e.g., Braille writers, slates and styluses, Cranmer modified abacuses, and word processors without the aid of spelling or grammar checks) may be required by the students and must be furnished before the appropriate subtest. Additionally, you should have available Braille paper and placeholders.

Student Responses

Only responses bubbled and written inside an answer document or typewritten responses to short-answer and open-ended questions will be scored. All responses to multiple-choice, short-answer, and open-ended questions that are not completed directly in the answer document or typewritten **must** be transcribed into an answer document before shipping. Consider the following options with the student to determine the best method for recording the student's responses. Students may use any combination of these options to answer test items.

- Students may record their responses using Braille on a separate Braille sheet of paper.
- Students may record their responses directly in the Braille version of the test booklet.
- Students may respond to the short-answer and open-ended questions using a word processor (without a spelling or grammar check) and respond to the multiple-choice questions directly in the Braille version of the test booklet.
- Students may use a scribe to write oral responses or fill in bubbles for multiple-choice questions in the answer document.

You (or the proctor) must transcribe the student's Braille responses and all other responses in the Braille test booklet **verbatim** into the student's answer document after testing is completed. **Only answers copied into the answer document will be scored and reported.**

If typewritten responses to the short-answer and open-ended questions are permitted as an accommodation, follow the instructions in [section 3.3.5](#).

3.3.4 Administering the Human-Reader Version

Students who are administered a human-reader version of the NM-MSSA must be given a human-reader test material packet. The packet includes a human-reader test administrator script, two standard-sized test booklets, and one answer document.

In addition to the materials in the human-reader packet, students should also be provided with soft-lead No. 2 pencils. The appropriate calculators should be made available for students taking the Mathematics tests. (See [section 9.3.2](#) for details.)

Student Responses

Only responses bubbled and written in the answer document or typewritten responses to short-answer and open-ended questions will be scored. All responses to multiple-choice, short-answer, and open-ended questions that are not completed directly in the answer document or typewritten **must** be transcribed into an answer document before shipping.

Students may use No. 2 soft-lead pencils to record their responses in the answer document. (Do not allow students to use mechanical pencils.)

3.3.5 Typed Responses for Paper-Based Testing

Typed responses to short-answer and open-ended questions may be submitted for those students who qualify for the Assistive Technology Devices Responses accommodation.

Each page of the typed response must contain the following information:

- Student's first and last name
- Student's state student ID number (which also appears on the student's ID label) or NASIS ID
- Unique answer document number found on each page inside the student's answer document
- District name
- School name
- Session name (e.g., ELA Session 1)
- Question number (e.g., #6)

At the end of testing, staple all sheets of paper containing typewritten responses from an individual student once in the top left corner and provide them to the STC and DTC with the answer document at the end of testing. Never staple, tape, or glue typed response pages into an answer document.

Note: You must transcribe all multiple-choice answers into the answer document.

4. Before Computer-Based Testing

4.1 Preliminary Preparation

Inform students of the importance of the NM-ASR or NM-MSSA and of the testing schedule before testing begins. Be sure that students are familiar and comfortable with standardized test procedures and test-taking strategies. The NM-ASR and NM-MSSA practice tests will provide an opportunity for students to become familiar with the types of questions on the assessments and the features and tools available in the online testing platform.

Test administrators should become familiar with all administration procedures before testing.

Carefully read through this manual and the *NM PED Assessments Kiosk User Guide 2021–2022* (available at newmexico.onlinehelp.cognia.org/cbt-guides/); review the testing schedule established by the district/school; and be sure to gather materials for each session before the start of testing. You should have a list of the students who will be testing in your classroom and their printed Student Login Tickets, as well as a list of students requiring accommodations and the accommodations each student requires. Please review the session scripts that you will read to students during testing (see [sections 6.1–7.6](#)).

4.2 Test Scheduling

Plan to administer each test session within the testing window scheduled by your school. Test sessions must be administered in accordance with PED test schedule guidelines. See [section 2.2.2](#) for approximate session administration times.

Breaks of at least 15 minutes should be provided between sessions. Students should be allowed to leave the testing room to use the restroom as needed during the testing session, provided they are escorted to the facility. Before leaving the classroom, the students must give their login tickets and scratch paper to you, or the proctor. While the student is in the restroom, ensure that the remaining students are supervised and login tickets and scratch paper do not leave the classroom.

When students complete all the sessions scheduled for the day, collect their used scratch paper and instruct the students to sit quietly or quietly read a book at their desks until all students have finished. Reading is the only activity allowed. Test administrators should not activate any other session of the test at this time.

4.2.1 Testing Disruptions

The schedule should provide sufficient time to ensure that each test session will be completed before lunch or afternoon dismissal. If it is estimated that students cannot finish a session before dismissal, the students should not begin the session and the session should be rescheduled for a makeup day.

Except in the following circumstances, students are not allowed to stop in the middle of a session and resume at a later point.

- Sudden student illness
- Emergency evacuation
- Fire drill

In these circumstances, students may be allowed to complete the session later, but they **may not** change responses to any test questions already answered.

4.2.2 Absences

Parents and guardians should be urged in advance of testing to avoid making medical appointments or planning trips for their child on a scheduled testing day. If a student is unable to take a test session(s) on the scheduled testing day(s) due to illness, a medical appointment that cannot be rescheduled, or unforeseen circumstances, the student may be administered the test session(s) that was missed on a makeup testing day.

As a TA, you must keep a record of all student absences for each session of the regular and makeup NM-MSSA sessions that you administer and then forward this record to the STC. In turn, the STC must keep a record of all students who miss both the regular and makeup administrations of any test session.

4.2.3 Makeup Testing

If a student misses a session due to illness or some other legitimate reason, a makeup session must be held before the end of the testing window. Makeup tests may be administered throughout the main testing window except during regular testing. Makeup tests are considered valid so schools and districts are not penalized for legitimate student absences.

4.3 Preparing for Administration

4.3.1 Preparing the Testing Environment

Prepare the testing room by ensuring the following:

- Student workstations are ready for testing; this includes making sure computers or laptops are fully charged.
- Computer monitors are positioned to prevent students from seeing each other's work.
- You have obtained scratch paper and pencils for each student you will be testing.
- You have obtained or printed Session Access Codes.
- You have obtained or printed Student Login Tickets for each student assigned to you for testing.
- The room has adequate lighting.
- The room has a "Testing—Do Not Disturb" sign on the door.
- Nothing is visible that would give clues to any of the answers on the test, such as rubrics, writing guides, word walls, hundreds charts, fact tables, etc.

If you have questions about student computers, see your technology coordinator. If you have questions about Student Login Tickets or any other facet of administering the tests, see the STC or DTC, or refer to selections from the suite of training materials available at newmexico.onlinehelp.cognia.org.

Students may use scratch paper on any session of the NM-ASR or NM-MSSA. All used scratch paper must be collected and securely destroyed at the testing location.

4.3.2 Materials Required, Permitted, and Not Permitted

The following materials are required for computer-based testing:

- this manual, which includes English and Spanish administration scripts
- a "Testing—Do Not Disturb" sign for the classroom door
- scratch paper
- two pencils with erasers for each student
- student login tickets

Calculators

For the Mathematics assessments where calculators are used (see the tables in [section 2.2.2](#)), the appropriate calculator will be available on the online platform. Additionally, students may use hand-held calculators (provided by either the school or the student) as allowed by local policy.

- For grades 3–6, students may use only four-function calculators with square root and percentage functions for all calculator sections.
- For grades 7 & 8, students may use only scientific calculators for all calculator sections.

For information on allowable calculator use and specifications, refer to the NM-MSSA Calculator Policy ([Appendix E](#)).

4.3.3 Session Access Codes

DTCs or STCs schedule tests via the Test Sessions tab. Please check with your DTC or STC for your local policies and procedures for obtaining Session Access Codes.

In some schools, after the test has been scheduled, TAs may go to the “View Details/Student Logins” page for the applicable class scheduled for the test. On this page the TA will see access codes for each session of the test.

4.3.4 Online Portal Universal Tools and Navigation Features

The following tools and navigation buttons are available to all students.

Navigation/ Universal Tool	Icon	Description/Action
Answer Eliminator	 	<p>The Answer Eliminator tool allows students to eliminate response option(s) by placing a strike though over the option. Students must click on the icon in the tool bar to activate the eliminator, and then click on the response options they wish to eliminate.</p> <p>To select a response option as their answer choice, the answer eliminator tool must be turned off before selecting the response option.</p> <p>Options that have been eliminated cannot be selected as an answer choice. To undo an eliminated response option, the student must turn on the answer eliminator, deselect the option, then turn off the answer eliminator tool and select their answer choice.</p>
Back/Regresar Button		Click the “Back” button to move to the previous test question.
Bookmark		Bookmark or save items to come back to later by clicking the star icon. The Jump to Question icon is a picture of a down arrow. Click the down arrow to be taken to a test review screen to jump to another test question.
Clear/Borrar Button		Click the “Clear” button to clear an entire answer from the screen.

Navigation/ Universal Tool	Icon	Description/Action
Constructed Responses Writing Tools (rich text editor response option)		Both open-ended and short answer constructed response items will also have a series of writing tools that are shown with the symbols for undo, redo, bold, italicize, underline, bullet and number lists, and spell checker. The spell checker is disabled for ELA and SLA assessments.
Finish/Terminar Button		Click the “Finish” button to submit your test; the “Finish” button is only active on the last item of the session.
Line Reader		The line reader can be used to assist in reading by raising and lowering the tool for each line of text onscreen. It is resizable and draggable.
Calculator		The Calculator may be used to help answer questions during Session 2 of the NM-MSSA Mathematics tests.
Notepad		Use the Notepad tool to type notes in the Notepad for each separate test question. Notes on a stimulus are viewable for all items pertaining to that stimulus. The Notepad can be moved around on the screen and resized as desired.
Pause and Inactivity Timeout Button		This button allows the student to exit the test (log out and close the kiosk) or pause the test, in which case they will have a timer that will allow them to re-enter the test from the pause timer screen using only their password if they return in less than 60 minutes.
Pop-Up Glossary		Students can view definitions of pre-selected words by selecting words with a book icon to launch a pop-up screen with the word's definition.
Reference Sheet		The periodic table is only available for grade 11 Science (NM-ASR), English and Spanish. The English-Spanish Glossaries of Science terms are available for grades 5, 8, and 11 Spanish Science (NM-ASR).
Sketch		Use the Sketch tool to sketch, highlight, or underline text on the screen. This tool will only appear on items that do not have a sketchpad widget or rich text editor response option.
Text Highlight		Use the Text Highlight tool to select text and highlight the selection.
Turn In/Entregar Button		Once students have answered all questions and reviewed their responses on the test item review page, they must click the “Turn In” button and then confirm by clicking on the “Turn In” button again to turn in their test. The test status in the Portal will then show “Finished,” and the student will not be able to log into that test again.
Zoom View (magnifier)		Students can magnify the entire screen in four increments: 100%, 150%, 200%, and 300%.

5. During Computer-Based Testing

5.1 Directions for Test Administration

In sections 6.1–7.6, the directions that are to be read aloud to students are in **bold** font. Directions to you are interspersed within the script and are in regular font and in brackets. Read the directions for students exactly as written, using a natural tone and manner. If you make a mistake in reading a direction, stop and say, “No. That is wrong. Listen again.” Then read the direction or question again.

- Encourage the students to do their best.
- Check periodically to make sure that the students are recording their answers properly.
- Ensure that the students work until they reach the end of each testing session.
- Remember that you are prohibited from spelling words for students during all testing sessions.

5.2 Monitoring Test Sessions

At the beginning of each session of the test, walk around the room to check that students are logged in correctly. During each test session, ensure they are working appropriately by clicking to the next item when necessary, typing or drawing their answers in the appropriate answer boxes, and not spending too much time on any one item. If you have a concern or are unsure how to proceed, please contact the STC.

IMPORTANT REMINDERS FOR TEST ADMINISTRATORS:

You may not help students in any way, except during the general instructions or as specified in this manual. **You may assist a student if a technology issue occurs.** Under no circumstances are students to be prompted to revise, edit, or complete any test questions during or after testing.

Test administrators may not view student responses.

Once a student has reached the test map page that shows which items have been answered, unanswered, marked with a star bookmark for review, or skipped, instruct the student to ensure all items have been answered and to review any bookmarked items. When the student is ready to turn in their test, the student must return to the test map page by clicking on the item number/down arrow in the upper right hand corner of the test interface. then the student will click on the “Turn in” (“Entregar”) button and confirm by clicking the “Turn in” button again.

Once a test is turned in, have the students click “Exit” in the upper-right corner before allowing the student to sit quietly and/or read a book at his or her desk.

If you encounter a technology problem during testing please call the Cognia Help Desk at 877-676-6722. Please be prepared to answer the following questions along with a description of the issue.

1. Is there an error message? If yes, what is the error message?
2. Is it affecting more than one student? If yes, how many?

3. What is the Operating system and version of the device experiencing the issue (for example, Windows 10, Chrome 85, MacOS 10.15)?

Note: while restarting the student's test device may immediately resolve the issue, we recommend contacting the Help Desk before restarting the device. The Help Desk may be able to provide guidance that will prevent the issue from reoccurring during another student's test.

For more information and guidance on all Kiosk error messages please reference the *NM PED Assessments Kiosk Installation Guide 2021–2022* at newmexico.onlinehelp.cognia.org/cbt-guides/.

6. NM-MSSA CBT Directions and Scripts

6.1 NM-MSSA CBT—Mathematics & ELA (English) Session 1

Suggested Session Time: Refer to the tables in [section 2.2.2](#).

Materials Required: Student Login Tickets, sharpened pencils with erasers, and scratch paper; refer to [section 4.3.2](#) for other materials that may be permitted

On the day(s) of the NM-MSSA testing, be sure to prepare the testing space as described in [section 4.3.1](#).

SAY You are not allowed to have a cell phone or other electronic device during testing.
[Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **If you have a cell phone or an electronic device in your possession, turn it off now and raise your hand.** [Collect and store students' devices according to the procedure at your school.]

SAY If a cell phone or other electronic device is discovered during testing, it will be confiscated and subject to search.

Make sure your computer is turned on. Do not open any other programs. [If necessary, wait for workstations to boot up.]

SAY Now double-click the “New Mexico Public Education Department Assessments” icon on your desktop. Once the program opens, you will see a student login page.

Wait for everyone to have the student sign-in page displaying on their screens. Work with students who need extra help accessing the portal. Remember, no other programs should be running while the testing kiosk is being launched.

SAY Each of you should see the student sign-in page on your screen. Raise your hand if you do not see the sign-in page.

Work with students who need extra help accessing the sign-in page. Remember, no other programs should be running while the students are launching the kiosk.

Distribute the Student Login Tickets. Post the Session 1 Access Code at the front of the room.

SAY You have been given a test ticket with your name and test login information. Check the ticket to be sure you have your own. If someone else's name is on the ticket, raise your hand.

If any students have the wrong ticket, make the correction.

SAY Carefully type the username and password in the sign-in screen exactly as it appears on the ticket. Then click the *Sign In* button. Keep your login ticket on your desk. It will be collected at the end of this test.

If you have successfully logged in, you will see the word “Hello” followed by your name. Verify that your name, student testing ID number, and date of birth are correct. If the information on the screen is not correct, raise your hand.

987654321 State Student ID	1/1/2000 Date of Birth	Male Gender
Grand Canyon Elementary School School Name	Support TestAdmin Teacher	8 Grade

The following tests have been scheduled for you:

New Mexico ELA Test

Session 1 Session 2

Work with any students who may need extra help logging in to the program.

SAY Click the blue button that says Session 1.

You will now enter a Session Access Code in the box labeled “Session Access Code.” The code is [read the Session Access Code to the students and direct them to the posted version]. Enter the code now, and then click *Submit*. Do not go on until you are instructed to do so.

The page you are on should be titled “Session 1 Directions.” [Pause to make sure students are on the correct screen. Students with accommodations will see the “Options” screen before they get to the Directions screen. The Options screen lets them experiment with and change accommodations settings.]

SAY Follow along as I read them aloud.

➡ [If administering Mathematics, say the following.]

Today you will take a test in mathematics.

For this test, you will answer selected-response and constructed-response questions.

Some of the questions may look different from test questions you have seen before, and some may ask about material that is new to you, but it is important to do your best.

If you are not sure of the answer to a question, you should still try to answer it.

You may NOT use a calculator to answer the questions in this section.

➡ [If administering ELA, say the following.]

Today you will take a test in reading.

For this test, you will read passages and then answer questions about the passages.

Some of the questions may look different from test questions you have seen before, and some may ask about material that is new to you, but it is important to do your best.

If you are not sure of the answer to a question, you should still try to answer it.

Are there any questions? [If there are any procedural questions, reread the directions.]

SAY Now click the *Continue* button and we will go over some tools and navigation instructions together. The first question in Session 1 should be showing on your screen. Look at the buttons on the bottom right of the screen.

These are your navigation buttons. *Clear* will clear your answers for the questions on the page. If you click this button, you will be asked if you are sure you want to clear the current question.

Pause/Exit will take you to another screen, where you will have the option to pause the test, exit the test, or cancel. If you select *Pause Test*, a timer will begin to count down from 60 minutes. To return to your test within that 60 minutes, enter your password and click *Resume*. Any sketch or highlighting you did before pausing will still be there when you resume. If you do not return within 60 minutes after pausing, or if you select *Exit Test*, you will be exited from the test. Any sketch or highlighting will be deleted. To resume testing, you will need to log in again using your username and password and the session access code. [If 60 minutes have elapsed, the proctor password will also be required.]

Clicking the *Next* button will take you to the next question. Click the *Next* button now. Clicking the *Back* button will take you to the previous item. Click the *Back* button now. You can bookmark any item to go back to later by clicking on the star next to the item number in the upper left of the screen, next to the question number. Click this star now.

Another way to navigate through the form is by using the Test Map. You can access the Test Map by clicking the down arrow next to the question number at the top left of the screen. Click this arrow now.

The Test Map is a visual representation of all of the questions on the test. Answered questions will appear blue; questions you have viewed, but not answered are red; bookmarked questions have a yellow star next to them; and questions that have not been visited are gray. (Notice that you have a bookmarked question.) Clicking a question number will take you directly to that question on the test. You can pause the test, return to the test, or turn in your test from the Test Map.

Click the first question number on your test map. You are now back to the first question in Session 1. Click the bookmark star to remove the bookmark.

In the lower-left corner is your toolbox. There you will see several tools available to use on this test.

The Answer Eliminator tool looks like lines with an X over them. This tool allows you to put a red X through answer choices on multiple choice items. Click the tool to enable it. Then click answer choice "A." A red X will appear over the answer choice, and you will not be able to select it as the correct answer. If you change your mind, you can remove the red X by clicking it. Click answer choice "A" now to remove the red X. When you are ready to select the correct answer, you must first click the Answer Eliminator tool in the toolbar to disable it. Click the tool now.

The Notepad tool looks like a pencil and a pad of paper. You can use the Notepad tool to make notes, plan your response, or work out questions. You can also copy and paste from the Notepad into the constructed-response answer space. Notes typed in the Notepad tool will NOT be saved or scored, so you must type your answer in the designated answer space.

Click the Notepad tool now. You can move the Notepad by clicking in the dark band at the bottom and dragging to the new location. You can also resize the Notepad by clicking the right corner of the band and dragging out or in. Click the "X" in the upper-right corner of the Notepad tool to close it.

The Line Reader tool has the letters "abc." This tool provides a small window that you can move up and down the page to cover some of the words to help with reading.

The Sketch tool looks like a pencil. Clicking on it will open a toolbox containing several colored pencils, an eraser, and a highlighter. Use this tool to highlight parts of the passage or question that you want to stand out. Do not use it to write your answers. Click this tool now.

Now, click the yellow highlighter and highlight a word in the item.

Now click the blue pencil and circle a word in the item. You can erase the marks you just made by clicking the eraser and then clicking the mark. Click the "X" in the upper right corner of the tool to close the Sketch tool.

The Text Highlight tool looks like a highlighter. This tool will allow you to select specific words you want to highlight.

From the pop-up menu, you can choose to highlight text or use the eraser to remove some or all of the highlighted text.

In addition to these tools, some words on the test may have a small book next to them. You can click on the book to open a pop-up glossary that will provide you with the definition of the word.

➡ [If administering ELA, say the following.]

Passages will appear on the left of your screen, and questions will appear on the right of your screen. Some questions go with multiple passages. You may switch between different passages by clicking the passage tabs above the passages.

Whenever you begin a new question, Passage 1 will appear on the left of your screen. Every time you see a question about Passage 2, you will need to click on the tab that says "Passage 2" to read the text.

When you come to the last item in the test, you will see the *Finish* button on the bottom right of the screen. Once you have answered the last item, click *Finish* to be taken to the Summary Page.

The Summary Page, like the Test Map, visually identifies the number of completed questions, unanswered questions, and bookmarked questions. You may click any question to return directly to that specific question or click *Return to test* to go back to the last question in the test.

When you have answered all of the questions, click *Turn In* twice.

Turn In

Are there any questions about available tools and navigation? [If there are any procedural questions, reread the directions.]

SAY **Begin with the first question in Session 1. Work until you reach the end of this session.**

Does everyone understand what to do? [If there are any procedural questions, reread the directions.]

SAY **You will have as much time as you need to answer the questions in this session. If you are not sure about the answer to a question, do the best you can.**

When you are finished with this session, make sure you have clicked *Finish* and then *Turn In*. You will be asked if you are sure you want to turn in your test. Click *Turn In* if you are sure. By clicking *Turn In* you will ensure all of your answers are submitted and you will not be able to access this session again. When you have successfully turned in your test, you will see the “Hello” screen again, with Session 1 crossed out. Are there any questions? [If there are any procedural questions, reread the directions.]

SAY **You may begin.**

Remain attentive in the room during the entire testing session. (Reading, grading papers, or doing other work is prohibited.) Circulate throughout the room during the testing session. Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students’ responses.

If a student sees the following error message when they attempt to turn in their test, please take the steps outlined in Appendix D or contact the Cognia Service Desk at 877-676-6722.

Please raise your hand and notify your proctor.

This completes Session 1. Please wait quietly at your seat while I collect the scratch paper, pencils, and Student Login Tickets. [Collect the scratch paper, pencils, and tickets from the students.]

If you will immediately continue with the next session, provide students with a short break and proceed to the directions in [section 6.2](#) for Mathematics or [section 6.3](#) for ELA.

If you will not immediately continue with the next session, instruct the students to log out of their computers, and shut off their computers, if appropriate. Laptops should be moved to a charging cart or otherwise plugged in. Store the Student Login Tickets in central, secure, and locked storage until the next testing session.

6.2 NM-MSSA CBT—Mathematics (English) Session 2

Suggested Session Time: Refer to the tables in [section 2.2.2](#).

Materials Required: Student Login Tickets, sharpened pencils with erasers, and scratch paper; refer to [section 4.3.2](#) for other materials that may be permitted

On the day(s) of the NM-MSSA testing, be sure to prepare the testing space as described in [section 4.3.1](#).

SAY You are not allowed to have a cell phone or other electronic device during testing.
[Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **If you have a cell phone or an electronic device in your possession, turn it off now and raise your hand.** [Collect and store students' devices according to the procedure at your school.]

SAY If a cell phone or other electronic device is discovered during testing, it will be confiscated and subject to search.

Make sure your computer is turned on. Do not open any other programs. [If necessary, wait for workstations to boot up.]

SAY Now double-click the “New Mexico Public Education Department Assessments” icon on your desktop. Once the portal opens, you will see a student login page.

Wait for everyone to have the student sign-in page displaying on their screens. Work with students who need extra help accessing the portal. Remember, no other programs should be running while the testing kiosk is being launched.

SAY Each of you should see the student sign-in page on your screen. Raise your hand if you do not see the sign-in page.

Work with students who need extra help accessing the sign-in page. Remember, no other programs should be running while students are launching the kiosk.

Distribute the Student Login Tickets. At the front of the room, post the Session Access Code for Session 2.

SAY You have been given a test ticket with your name and test login information. Check the ticket to be sure you have your own. If someone else's name is on the ticket, raise your hand.

If any students have the wrong ticket, make the correction.

SAY Carefully type the username and password in the sign-in screen exactly as it appears on the ticket. Then click the *Sign In* button. Keep your login ticket on your desk. It will be collected at the end of this test.

If you have successfully logged in, you will see the word “Hello” followed by your name. Verify that your name, student testing ID number, and date of birth are correct. If the information on the screen is not correct, raise your hand.

New Mexico Mathematics Test

Session 1 Session 2

Work with any students who may need extra help logging in to the program.

SAY Click the blue button that says Session 2.

You will now enter a Session Access Code in the box labeled “Session Access Code.” The code is [read the Session Access Code to the students and direct them to the posted version]. Enter the code now, and then click *Submit*. Do not go on until you are instructed to do so.

The page you are on should be titled “Session 2 Directions.” [Pause to make sure students are on the correct screen. Students with accommodations will see the “Options” screen before they get to the Directions screen. The Options screen lets them experiment with and change accommodations settings.]

SAY Follow along as I read them aloud.

Today you will take a test in mathematics.

For this test, you will answer selected-response and constructed-response questions.

Some of the questions may look different from test questions you have seen before, and some may ask about material that is new to you, but it is important to do your best.

If you are not sure of the answer to a question, you should still try to answer it.

You MAY use a calculator to answer the questions in this section.

Are there any questions? [If there are any procedural questions, reread the directions.]

SAY Begin with the first question in Session 2. Work until you reach the end of this session.

A calculator tool will appear in the toolbox in the lower left corner of your screen. You may use it to help answer questions during this session of the test.

You may go back to any of the questions in this session to review your answers. Does everyone understand what to do? [If there are any procedural questions, reread the directions.]

SAY You will have as much time as you need to answer the questions in this session. If you are not sure about the answer to a question, do the best you can.

When you are finished with this session, make sure you have clicked *Finish* and then *Turn In*. You will be asked if you are sure you want to turn in your test. Click *Turn In* if you are sure. By clicking *Turn In* you will ensure all of your answers are submitted and you will not be able to access this session again. When you have successfully turned in your test, you will see the “Hello” screen again, with Session 2 crossed out. Are there any questions? [If there are any procedural questions, reread the directions.]

SAY You may begin.

Sesión 1 Sesión 2

Work with any students who may need extra help logging in to the program.

SAY Hagan clic en el botón azul que dice Sesión 1.

Ahora escribirán un código de acceso a la sesión en la casilla que dice “Código de acceso a la sesión”. El código es [read the Session Access Code to the students and direct them to the posted version]. Escriban el código ahora y luego hagan clic en **Enviar**. No empiecen sino hasta que se les indique.

SAY La página en la que se encuentran debe llamarse “Sesión 1, Instrucciones”. [Pause to make sure students are on the correct screen. Students with accommodations will see the “Options” screen before they get to the Directions screen. The Options screen lets them experiment with and change accommodations settings.]

SAY Vayan siguiéndolas mientras yo las leo en voz alta.

➡ [If administering Mathematics, say the following.]

Hoy vas a tomar una prueba de matemáticas.

En esta prueba, vas a responder preguntas de opción múltiple y preguntas de respuesta abierta.

Algunas de las preguntas pueden parecer diferentes de las preguntas que has visto antes y es posible que algunas preguntas se refieran a información nueva para ti, pero es importante que contestes lo mejor que puedas.

Aun si no estás seguro de la respuesta a una pregunta, debes tratar de responderla.

NO puedes usar calculadora para responder las preguntas de esta sesión.

➡ [If administering SLA, say the following.]

Hoy vas a tomar una prueba de lectura.

En esta prueba, vas a leer pasajes y luego vas a contestar preguntas acerca de los pasajes.

Algunas de las preguntas pueden parecer diferentes de las preguntas que has visto antes y es posible que algunas preguntas se refieran a información nueva para ti, pero es importante que contestes lo mejor que puedas.

Aun si no estás seguro de la respuesta a una pregunta, debes tratar de responderla.

¿Tienen alguna pregunta? [If there are any procedural questions, reread the directions.]

SAY Ahora, hagan clic en el botón de *Continuar*. Repasaremos juntos algunas de las herramientas y las instrucciones de navegación. La primera pregunta en la Sesión 1 debe aparecer en su pantalla. Vean los botones de la parte inferior derecha de la pantalla.

Estos son sus botones de navegación. El botón de *Borrar* borrará sus respuestas a las preguntas en la página. Si hacen clic en este botón, se les preguntará si están seguros de que quieren borrar esa respuesta.

El botón de *Pausar/Salir* los llevará a otra pantalla donde tendrán la opción de pausar, salir de la prueba o cancelarla. Si seleccionan *Pausar la prueba*, un cronómetro comenzará a contar 60 minutos. Para volver a la prueba dentro de esos 60 minutos, ingresen su contraseña y hagan clic en *Reanudar*. Cualquier bosquejo o dibujo que hayan hecho o texto que hayan resaltado antes de hacer una pausa en la prueba todavía estará ahí cuando continúen. Si no vuelven a la prueba dentro de los 60 minutos siguientes al momento en que hicieron una pausa en la prueba, o si seleccionan *Salir de la prueba*, saldrán de la prueba. Cualquier bosquejo o dibujo que hayan hecho o texto que hayan resaltado se borrará. Para reanudar la prueba, deberán iniciar su sesión nuevamente usando su nombre de usuario y contraseña y el código de acceso a la sesión. [If 60 minutes have elapsed, the proctor password will also be required.]

El botón de *Siguiente* los llevará a la pregunta siguiente. Hagan clic en el botón de *Siguiente* ahora. El botón de *Regresar* los llevará a la pregunta anterior. Hagan clic en el botón de *Regresar* ahora. Ustedes pueden añadir a sus favoritos cualquier pregunta para regresar a ella más tarde haciendo clic en la estrella que aparece enseguida del número de la pregunta en la parte superior izquierda de la pantalla. Hagan clic en la estrella ahora.

Otra manera de navegar por la prueba es utilizando el Mapa de la prueba. Ustedes pueden acceder al Mapa de la prueba haciendo clic en la flecha que está apuntando hacia abajo enseguida del número de la pregunta en la parte superior izquierda de la pantalla. Hagan clic en la flecha ahora.

El Mapa de la prueba es una representación visual de todas las preguntas del examen. Las preguntas ya contestadas aparecerán en azul; las preguntas que ya han visto pero no han contestado, en rojo; las preguntas añadidas a sus favoritos tendrán una estrella amarilla a un lado; y las preguntas que no han visto aún aparecerán en gris (observen que tienen una pregunta añadida a sus favoritos). Al hacer clic en el número de una pregunta, esto los llevará directamente a esa pregunta. Pueden hacer una pausa en la prueba, volver a la prueba o entregar su prueba desde el Mapa de la prueba.

Hagan clic en el número de la primera pregunta en el mapa de la prueba. Ahora ya están otra vez en la primera pregunta de la Sesión 1. Hagan clic en la estrella de sus favoritos para borrarla.

En la esquina inferior izquierda encontrarán su caja de herramientas. Allí verán varias herramientas disponibles para usar en esta prueba.

La herramienta para Eliminar la respuesta muestra unas líneas con una X sobre ellas. Esta herramienta les permite poner una X en rojo en las opciones de respuesta en preguntas de opción múltiple. Hagan clic en la herramienta ahora para activarla. Después hagan clic en la opción de respuesta "A". Una X en rojo aparecerá sobre la respuesta elegida y no podrán seleccionarla como la respuesta correcta. Si cambian de opinión, pueden eliminar la X en rojo haciendo clic en ella. Hagan clic en la opción de respuesta "A" ahora para eliminar la X en rojo. Cuando estén listos para seleccionar la respuesta correcta, primero deben hacer clic en la herramienta para Eliminar respuestas de la barra de herramientas para desactivarla. Hagan clic en la herramienta ahora.

La herramienta de la Libreta de notas parece un lápiz y una libreta de papel. Pueden usar la herramienta de la Libreta de notas para escribir notas, planificar su respuesta o resolver las preguntas. También pueden copiar y pegar el contenido de la libreta en el espacio de respuesta para las preguntas abiertas. Los apuntes que hagan en la herramienta de la Libreta de notas NO se guardarán ni se calificarán, así que tienen que escribir su respuesta en el espacio designado.

Hagan clic en la herramienta de la Libreta de notas ahora. Pueden mover la libreta haciendo clic en la línea oscura que aparece en la parte de abajo de la libreta y arrastrándola a su nueva ubicación. También pueden cambiar el tamaño de la libreta haciendo clic en la esquina derecha de la línea oscura y arrastrándola hacia adentro o hacia afuera. Hagan clic en la "X" que aparece en la esquina superior derecha de la herramienta de la Libreta de notas para cerrarla.

La herramienta Regla de lectura tiene las letras "abc". Esta herramienta proporciona una pequeña ventana que pueden mover hacia arriba y hacia abajo de la página para cubrir algunas de las palabras y ayudarles a leer.

La herramienta de Dibujo parece un lápiz. Al hacer clic en ella, se abrirá una caja de herramientas que contiene varios lápices de colores, un borrador y un marcador. Usen esta herramienta para resaltar partes del párrafo o pregunta que quieran destacar. No la usen para escribir sus respuestas. Hagan clic en esta herramienta ahora.

Ahora, hagan clic en el marcador amarillo y marquen una palabra en la pregunta. Ahora hagan clic en el lápiz azul y encierren en un círculo una palabra de la pregunta. Pueden borrar las marcas que acaban de hacer haciendo clic en el borrador y luego haciendo clic en la marca. Hagan clic en la "X" en la esquina superior derecha de la herramienta de Dibujo para cerrarla.

La herramienta Resaltar texto parece un marcador. Esta herramienta les permitirá seleccionar palabras específicas que quieran resaltar.

Desde el menú que aparece cuando hacen clic en esta herramienta pueden resaltar el texto o usar el borrador para eliminar una parte o todo el texto resaltado.

Además de estas herramientas, algunas palabras en la prueba pueden tener un pequeño libro al lado. Si hacen clic en el libro, se abrirá un glosario emergente que les proporcionará la definición de la palabra.

➡ [If administering SLA, say the following.]

Los pasajes aparecerán a la izquierda de la pantalla y las preguntas aparecerán a la derecha de la pantalla. Algunas preguntas se refieren a varios pasajes. Pueden cambiar de un pasaje a otro haciendo clic en las pestañas que están en la parte de arriba de los pasajes.

Cada vez que pasen a una nueva pregunta, el Pasaje 1 aparecerá a la izquierda de la pantalla. Cada vez que pasen a una pregunta sobre el Pasaje 2, deben hacer clic en la pestaña que dice "Pasaje 2" para leer el texto.

Cuando lleguen a la última pregunta de la prueba, verán el botón de *Terminar* en la parte inferior derecha de la pantalla. Una vez que hayan contestado la última pregunta, hagan clic en *Terminar* para ir a la Página de resumen.

Esta página, igual que el Mapa de la prueba, identifica visualmente el número de preguntas contestadas, preguntas sin contestar y preguntas añadidas a sus favoritos. Pueden hacer clic en cualquier pregunta para regresar directamente a esa pregunta específica, o pueden hacer clic en *Regresar a la prueba* para volver a la última pregunta del examen.

Cuando hayan contestado todas las preguntas, hagan clic en *Entregar* dos veces.

¿Tienen alguna pregunta sobre las herramientas disponibles y la navegación? [If there are any procedural questions, reread the directions.]

SAY Comiencen con la primera pregunta en la Sesión 1. Trabajen hasta llegar al final de esta sesión.

Ustedes pueden regresar a cualquiera de las preguntas de esta sesión para revisar sus respuestas. ¿Todos entienden lo que tienen qué hacer? [If there are any procedural questions, reread the directions.]

SAY Ustedes tendrán todo el tiempo que necesiten para responder a las preguntas de esta sesión. Si no están seguros de la respuesta a una pregunta, hagan su mejor esfuerzo.

Cuando hayan terminado con esta sesión, asegúrense de que hicieron clic en *Terminar* y luego hicieron clic en *Entregar*. Se les preguntará si están seguros de que quieren entregar su prueba. Hagan clic en *Entregar* si están seguros. Si hacen clic en *Entregar*, esto garantizará que todas sus respuestas han sido enviadas y no podrán regresar ni tener acceso a esta sesión nuevamente. Cuando hayan entregado su prueba, verán la pantalla de “Hola” nuevamente, con la Sesión 1 tachada. ¿Tienen alguna pregunta? [If there are any procedural questions, reread the directions.]

SAY Pueden comenzar.

Remain attentive in the room during the entire testing session. (Reading, grading papers, or doing other work is prohibited.) Circulate throughout the room during the testing session. Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students’ responses.

If a student sees the following error message when they attempt to turn in their test, please take the steps outlined in Appendix D or contact the Cognia Service Desk at 877-676-6722.

Please raise your hand and notify your proctor.

A connection to the network could not be established. Your test has been saved offline.

After students have finished (refer to administration time tables in [section 2.2.2](#)), continue reading the following script.

SAY Si no han terminado, pueden tener tiempo adicional para terminar la prueba. Levanten la mano si necesitan más tiempo. [Explain to students how extended time is to be handled in your school.]

SAY Ahora hagan clic en el botón de *Salir* que aparece en rojo en la esquina superior derecha.

The screenshot shows a web interface for the New Mexico SLA Test Spanish. At the top right, there is a link "No DemoStudent One? Salir". The main heading is "Hola, DemoStudent One". Below this, there is a table with student information:

7. NM-ASR CBT Directions and Scripts

7.1 NM-ASR CBT—Science (English) Session 1

Recommended Session Time: Refer to the tables in [section 2.2.2](#).

Materials Needed: Student Login Tickets, sharpened pencils with erasers, and scratch paper

On the day(s) of the NM-ASR, be sure to prepare the testing space as described in [section 4.3.1](#).

Note: Spelling words for students is prohibited.

SAY **You are not allowed to have a cell phone or other electronic device during testing.**
[Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **If you have a cell phone or an electronic device in your possession, turn it off now and raise your hand.** [Collect and store students' devices according to the procedure at your school.]

SAY **If a cell phone or other electronic device is discovered during testing, it will be confiscated and subject to search.**

Do not touch the computers until you are instructed to do so. In this session, you will answer some questions by selecting your responses on the computer screen. You may work out problems on scratch paper. You will answer other questions by writing your answers in the boxes provided on your screen. Some questions have two or more parts. Be sure to answer all parts. For open-ended questions, show or explain all of your work by using numbers, words, or sentences. For questions requiring you to write your answers, type your answers within the boxes provided for each question on your screen. Are there any questions? [If there are any procedural questions, reread the directions.]

SAY **Make sure your computer is turned on. Do not open any other programs.** [If necessary, wait for workstations to boot up.]

SAY **Now double-click the “New Mexico Public Education Department Assessments” icon on your desktop. Once the program opens, you will see a student login page.**

Wait for everyone to have the student sign-in page displaying on their screens. Work with students who need extra help accessing the portal. Remember, no other programs should be running while the testing kiosk is being launched.

SAY **Each of you should see the student sign-in page on your screen. Raise your hand if you do not see the sign-in page.**

Work with students who need extra help accessing the sign-in page. Remember, no other programs should be running while the students are launching the kiosk.

Distribute the Student Login Tickets. Post the Session 1 Access Code at the front of the room.

SAY **You have been given a test ticket with your name and test login information. Check the ticket to be sure you have your own. If someone else's name is on the ticket, raise your hand.**

If any students have the wrong ticket, make the correction.

SAY Carefully type the username and password in the sign-in screen exactly as it appears on the ticket. Then click the *Sign In* button. Keep your login ticket on your desk. It will be collected at the end of this test.

If you have successfully logged in, you will see the word “Hello” followed by your name. Verify that your name, student testing ID number, and date of birth are correct. If the information on the screen is not correct, raise your hand.

Session 1 Session 2 Session 3

Work with any students who may need extra help logging in to the program.

SAY Click the blue button that says **Session 1**.

You will now enter a **Session Access Code** in the box labeled “Session Access Code.” The code is [read the Session Access Code to the students and direct them to the posted version]. Enter the code now, and then click *Submit*. Do not go on until you are instructed to do so.

The page you are on should be titled “Session 1 Directions.” [Pause to make sure students are on the correct screen. Students with accommodations will see the “Options” screen before they get to the Directions screen. The Options screen lets them experiment with and change accommodations settings.]

SAY Follow along as I read them aloud.

“Welcome to the New Mexico Assessment of Science Readiness (NM-ASR)!”

This is Session 1. You should complete all items in this session.

Use the navigation buttons to move to the next question or to go back to the previous question in each session.

Each question will have specific directions explaining how to answer. For some questions, you may need to choose more than one correct answer.

Each open-ended response question will be followed by a text box. Type your response in the box.

Sometimes information you will need to answer questions will be shown on the left side of the screen. Be sure to read all the information, then answer the questions on the right side of the screen. Sometimes you will need to use the scroll bar to see all the content in a question. Be sure that you have seen the entire question before you respond.”

Are there any questions? [If there are any procedural questions, reread the directions.]

SAY Now click the *Continue* button and we will go over some tools and navigation instructions together. The first question in Session 1 should be showing on your screen. Look at the buttons on the bottom right of the screen.

These are your navigation buttons. *Clear* will clear your answers for the questions on the page. If you click this button, you will be asked if you are sure you want to clear the current question.

Pause/Exit will take you to another screen, where you will have the option to pause the test, exit the test, or cancel. If you select *Pause Test*, a timer will begin to count down from 60 minutes. To return to your test within that 60 minutes, enter your password and click *Resume*. Any sketch or highlighting you did before pausing will still be there when you resume. If you do not return within 60 minutes after pausing, or if you select *Exit Test*, you will be exited from the test. Any sketch or highlighting will be deleted. To resume testing, you will need to log in again using your username and password and the session access code. [If 60 minutes have elapsed, the proctor password will also be required.]

Clicking the *Next* button will take you to the next question. Click the *Next* button now. Clicking the *Back* button will take you to the previous item. Click the *Back* button now. You can bookmark any item to go back to later by clicking on the star next to the item number in the upper left of the screen, next to the question number. Click this star now.

Another way to navigate through the form is by using the Test Map. You can access the Test Map by clicking the down arrow next to the question number at the top left of the screen. Click this arrow now.

The Test Map is a visual representation of all of the questions on the test. Answered questions will appear blue; questions you have viewed, but not answered are red; bookmarked questions have a yellow star next to them; and questions that have not been visited are gray. (Notice that you have a bookmarked question.) Clicking a question number will take you directly to that question on the test. You can pause the test, return to the test, or turn in your test from the Test Map.

Click the first question number on your test map. You are now back to the first question in Session 1. Click the bookmark star to remove the bookmark.

In the lower-left corner is your toolbox. There you will see several tools available to use on this test.

The Answer Eliminator tool looks like lines with an X over them. This tool allows you to put a red X through answer choices on multiple choice items. Click the tool to enable it. Click it again to disable it.

The Notepad tool looks like a pencil and a pad of paper. You can use the Notepad tool to make notes, plan your response, or work out questions. You can also copy and paste from the Notepad into the constructed-response answer space. Notes typed in the Notepad tool will NOT be saved or scored, so you must type your answer in the designated answer space.

Click the Notepad tool now. You can move the Notepad by clicking in the dark band at the bottom and dragging to the new location. You can also resize the Notepad by clicking the right corner of the band and dragging out or in. Click the “X” in the upper-right corner of the Notepad tool to close it.

The Line Reader tool has the letters “abc.” This tool provides a small window that you can move up and down the page to cover some of the words to help with reading. You can also resize it to add more white space or more gray space.

The Sketch tool looks like a pencil. Clicking on it will open a toolbox containing several colored pencils, an eraser, and a highlighter. Use this tool to highlight parts of the passage or question that you want to stand out. Do not use it to write your answers. Click this tool now.

Now, click the yellow highlighter and highlight a word in the item.

Now click the blue pencil and circle a word in the item. You can erase the marks you just made by clicking the eraser and then clicking the mark. Click the “X” in the upper right corner of the tool to close the Sketch tool.

The Text Highlight tool looks like a highlighter. This tool will allow you to select specific words you want to highlight.

From the pop-up menu, you can choose to highlight text or use the eraser to remove some or all of the highlighted text.

[For Grade 11 only, say the following.] The References tool looks like a sheet of paper. Clicking on it will bring up a periodic table reference sheet that you may use as needed.

In addition to these tools, some words on the test may have a small book next to them. You can click on the book to open a pop-up glossary that will provide you with the definition of the word.

When you come to the last item in the test, you will see the *Finish* button on the bottom right of the screen. Once you have answered the last item, click *Finish* to be taken to the Summary Page.

The Summary Page, like the Test Map, visually identifies the number of completed questions, unanswered questions, and bookmarked questions. You may click any question to return directly to that specific question or click *Return to test* to go back to the last question in the test.

When you have answered all of the questions, click *Turn In* twice.

Are there any questions about available tools and navigation? [If there are any procedural questions, reread the directions.]

SAY Begin with the first question in Session 1. Work until you reach the end of this session.

You may go back to any of the questions in this session to review your answers. Does everyone understand what to do? [If there are any procedural questions, reread the directions.]

SAY You will have as much time as you need to answer the questions in this session. If you are not sure about the answer to a question, do the best you can.

When you are finished with this session, make sure you have clicked *Finish* and then *Turn In*. You will be asked if you are sure you want to turn in your test. Click *Turn In* if you are sure. By clicking *Turn In* you will ensure all of your answers are submitted and you will not be able to access this session again. When you have successfully turned in your test, you will see the “Hello” screen again, with Session 1 crossed out. Are there any questions? [If there are any procedural questions, reread the directions.]

SAY You may begin.

Remain attentive in the room during the entire testing session. (Reading, grading papers, or doing other work is prohibited.) Circulate throughout the room during the testing session. Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students’ responses.

After students have finished (refer to administration time tables in section 2.2.2), continue reading the following script.

SAY If you have not finished, you may have additional time to complete the test. Raise your hand if you need additional time. [Explain to students how extended time is to be handled in your school.]

SAY Now click the red *Exit* button in the upper-right corner.

The Answer Eliminator tool looks like lines with an X over them. This tool allows you to put a red X through answer choices on multiple choice items. Click the tool to enable it. Click it again to disable it.

The Notepad tool looks like a pencil and a pad of paper. You can use the Notepad tool to make notes, plan your response, or work out questions. You can also copy and paste from the Notepad into the constructed-response answer space. Notes typed in the Notepad tool will NOT be saved or scored, so you must type your answer in the designated answer space.

Click the Notepad tool now. You can move the Notepad by clicking in the dark band at the bottom and dragging to the new location. You can also resize the Notepad by clicking the right corner of the band and dragging out or in. Click the "X" in the upper-right corner of the Notepad tool to close it.

The Line Reader tool has the letters “abc.” This tool provides a small window that you can move up and down the page to cover some of the words to help with reading. You can also resize it to add more white space or more gray space.

The Sketch tool looks like a pencil. Clicking on it will open a toolbox containing several colored pencils, an eraser, and a highlighter. Use this tool to highlight parts of the passage or question that you want to stand out. Do not use it to write your answers. Click this tool now.

Now, click the yellow highlighter and highlight a word in the item.

Now click the blue pencil and circle a word in the item. You can erase the marks you just made by clicking the eraser and then clicking the mark. Click the “X” in the upper right corner of the tool to close the Sketch tool.

The Text Highlight tool looks like a highlighter. This tool will allow you to select specific words you want to highlight.

From the pop-up menu, you can choose to highlight text or use the eraser to remove some or all of the highlighted text.

[For Grade 11 only, say the following.] The References tool looks like a sheet of paper. Clicking on it will bring up a periodic table reference sheet that you may use as needed.

In addition to these tools, some words on the test may have a small book next to them. You can click on the book to open a pop-up glossary that will provide you with the definition of the word.

When you come to the last item in the test, you will see the *Finish* button on the bottom right of the screen. Once you have answered the last item, click *Finish* to be taken to the Summary Page.

The Summary Page, like the Test Map, visually identifies the number of completed questions, unanswered questions, and bookmarked questions. You may click any question to return directly to that specific question or click *Return to test* to go back to the last question in the test.

When you have answered all of the questions, click *Turn In* twice.

Are there any questions about available tools and navigation? [If there are any procedural questions, reread the directions.]

SAY Begin with the first question in Session 2. Work until you reach the end of this session.

You may go back to any of the questions in this session to review your answers. Does everyone understand what to do? [If there are any procedural questions, reread the directions.]

SAY You will have as much time as you need to answer the questions in this session. If you are not sure about the answer to a question, do the best you can.

When you are finished with this session, make sure you have clicked *Finish* and then *Turn In*. You will be asked if you are sure you want to turn in your test. Click *Turn In* if you are sure. By clicking *Turn In* you will ensure all of your answers are submitted and you will not be able to access this session again. When you have successfully turned in your test, you will see the “Hello” screen again, with Session 2 crossed out. Are there any questions? [If there are any procedural questions, reread the directions.]

SAY You may begin.

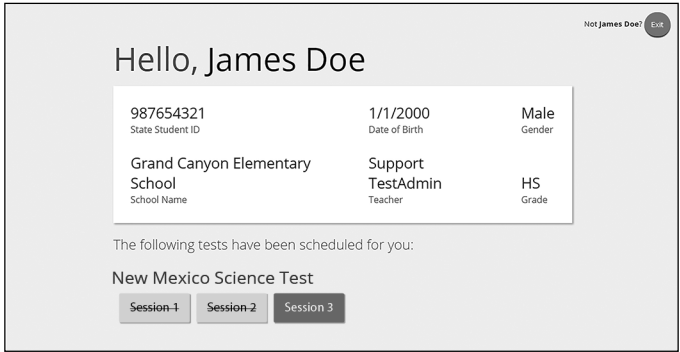

Remain attentive in the room during the entire testing session. (Reading, grading papers, or doing other work is prohibited.) Circulate throughout the room during the testing session. Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students’ responses.

After students have finished (refer to administration time tables in section 2.2.2), continue reading the following script.

SAY If you have not finished, you may have additional time to complete the test. Raise your hand if you need additional time. [Explain to students how extended time is to be handled in your school.]

SAY Now click the red *Exit* button in the upper-right corner.

SAY This completes Session 2. Please wait quietly at your seat while I collect the scratch paper, pencils, and Student Login Tickets. [Collect the scratch paper, pencils, and tickets from the students. Give all the tickets and used scratch paper to the STC at the end of testing.]

If you will immediately continue with Session 3, provide students with a short break and proceed to the directions in [section 7.3](#), on the next page.

If you will not immediately continue with Session 3, instruct the students to log out of their computers, and shut off their computers, if appropriate. Laptops should be moved to a charging cart or otherwise plugged in. Store the Student Login Tickets in central, secure, and locked storage until the next testing session.

7.3 NM-ASR CBT—Science (English) Session 3

Recommended Session Time: Refer to the tables in [section 2.2.2](#).

Materials Needed: Student Login Tickets, sharpened pencils with erasers, and scratch paper

On the day(s) of the NM-ASR, be sure to prepare the testing space as described in [section 4.3.1](#).

Note: Spelling words for students is prohibited.

SAY You are not allowed to have a cell phone or other electronic device during testing.

[Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **If you have a cell phone or an electronic device in your possession, turn it off now and raise your hand.** [Collect and store students' devices according to the procedure at your school.]

SAY If a cell phone or other electronic device is discovered during testing, it will be confiscated and subject to search.

Do not touch the computers until you are instructed to do so. In this session, you will answer some questions by selecting your responses on the computer screen. You may work out problems on scratch paper. You will answer other questions by writing your answers in the boxes provided on your screen. Some questions have two or more parts. Be sure to answer all parts. For open-ended questions, show or explain all of your work by using numbers, words, or sentences. For questions requiring you to write your answers, type your answers within the boxes provided for each question on your screen. Are there any questions? [If there are any procedural questions, reread the directions.]

SAY Make sure your computer is turned on. Do not open any other programs. [If necessary, wait for workstations to boot up.]

SAY Now double-click the “New Mexico Public Education Department Assessments” icon on your desktop. Once the portal opens, you will see a student login page.

Wait for everyone to have the student sign-in page displaying on their screens. Work with students who need extra help accessing the portal. Remember, no other programs should be running while the testing kiosk is being launched.

SAY Each of you should see the student sign-in page on your screen. Raise your hand if you do not see the sign-in page.

Work with students who need extra help accessing the sign-in page. Remember, no other programs should be running while students are launching the kiosk.

Distribute the Student Login Tickets. Post the Session 3 Access Code at the front of the room.

SAY You have been given a test ticket with your name and test login information. Check the ticket to be sure you have your own. If someone else’s name is on the ticket, raise your hand.

If any students have the wrong ticket, make the correction.

SAY Carefully type the username and password in the sign-in screen exactly as it appears on the ticket. Then click the *Sign In* button. Keep your login ticket on your desk. It will be collected at the end of this test.

If you have successfully logged in, you will see the word “Hello” followed by your name. Verify that your name, student testing ID number, and date of birth are correct. If the information on the screen is not correct, raise your hand.

Hello, James Doe

Grand Canyon Elementary School School Name	Support TestAdmin Teacher	HS Grade

The following tests have been scheduled for you:

New Mexico Science Test

Session 1 Session 2 Session 3

Work with any students who may need extra help logging in to the program.

SAY Click the blue button that says Session 3.

You will now enter a Session Access Code in the box labeled “Session Access Code.” The code is [read the Session Access Code to the students and direct them to the posted version]. Enter the code now, and then click *Submit*. Do not go on until you are instructed to do so.

SAY The page you are on should be titled “Session 3 Directions.” [Pause to make sure students are on the correct screen. Students with accommodations will see the “Options” screen before they get to the Directions screen. The Options screen lets them experiment with and change accommodations settings.]

SAY Follow along as I read them aloud.

“This is Session 3. You should complete all items in this session.

Use the navigation buttons to move to the next question or to go back to the previous question in each session.

Each question will have specific directions explaining how to answer. For some questions, you may need to choose more than one correct answer.

Each open-ended response question will be followed by a text box. Type your response in the box.

Sometimes information you will need to answer questions will be shown on the left side of the screen. Be sure to read all the information, then answer the questions on the right side of the screen. Sometimes you will need to use the scroll bar to see all the content in a question. Be sure that you have seen the entire question before you respond.”

Are there any questions? [If there are any procedural questions, reread the directions.]

SAY Now click the *Continue* button and we will go over some tools and navigation instructions together. The first question in Session 3 should be showing on your screen. Look at the buttons on the bottom right of the screen.

Clear Pause/Exit Back Next Finish

These are your navigation buttons. *Clear* will clear your answers for the questions on the page. If you click this button, you will be asked if you are sure you want to clear the current question.

Pause/Exit will take you to another screen, where you will have the option to pause the test, exit the test, or cancel. If you select *Pause Test*, a timer will begin to count down from 60 minutes. To return to your test within that 60 minutes, enter your password and click *Resume*. Any sketch or highlighting you did before pausing will still be there when you resume. If you do not return within 60 minutes after pausing, or if you select *Exit Test*, you will be exited from the test. Any sketch or highlighting will be deleted. To resume testing, you will need to log in again using your username and password and the session access code. [If 60 minutes have elapsed, the proctor password will also be required.]

Clicking the *Next* button will take you to the next question. Click the *Next* button now. Clicking the *Back* button will take you to the previous item. Click the *Back* button now. You can bookmark any item to go back to later by clicking on the star next to the item number in the upper left of the screen, next to the question number. Click this star now.

Another way to navigate through the form is by using the Test Map. You can access the Test Map by clicking the down arrow next to the question number at the top left of the screen. Click this arrow now.

The Test Map is a visual representation of all of the questions on the test. Answered questions will appear blue; questions you have viewed, but not answered are red; bookmarked questions have a yellow star next to them; and questions that have not been visited are gray. (Notice that you have a bookmarked question.) Clicking a question number will take you directly to that question on the test. You can pause the test, return to the test, or turn in your test from the Test Map.

Click the first question number on your test map. You are now back to the first question in Session 3. Click the bookmark star to remove the bookmark.

In the lower-left corner is your toolbox. There you will see several tools available to use on this test.

The Answer Eliminator tool looks like lines with an X over them. This tool allows you to put a red X through answer choices on multiple choice items. Click the tool to enable it. Click it again to disable it.

The Notepad tool looks like a pencil and a pad of paper. You can use the Notepad tool to make notes, plan your response, or work out questions. You can also copy and paste from the Notepad into the constructed-response answer space. Notes typed in the Notepad tool will NOT be saved or scored, so you must type your answer in the designated answer space.

Click the Notepad tool now. You can move the Notepad by clicking in the dark band at the bottom and dragging to the new location. You can also resize the Notepad by clicking the right corner of the band and dragging out or in. Click the "X" in the upper-right corner of the Notepad tool to close it.

The Line Reader tool has the letters “abc.” This tool provides a small window that you can move up and down the page to cover some of the words to help with reading. You can also resize it to add more white space or more gray space.

Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students’ responses.

If a student sees the following error message when they attempt to turn in their test, please take the steps outlined in Appendix D or contact the Cognia Service Desk at 877-676-6722.

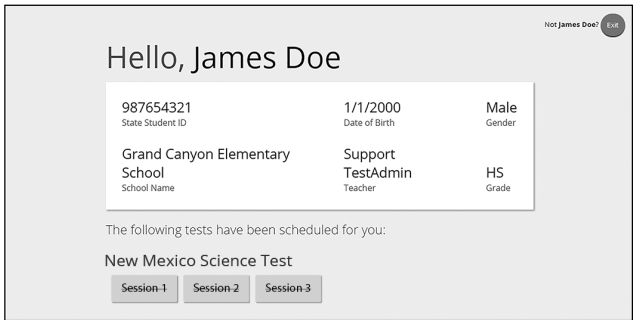

Please raise your hand and notify your proctor.

A connection to the network could not be established. Your test has been saved offline.

After students have finished (refer to administration time tables in section 2.2.2), continue reading the following script.

SAY If you have not finished, you may have additional time to complete the test. Raise your hand if you need additional time. [Explain to students how extended time is to be handled in your school.]

SAY Now click the red *Exit* button in the upper-right corner.

SAY This completes the New Mexico Assessment of Science Readiness. Please wait quietly at your seat while I collect the scratch paper, pencils, and Student Login Tickets. [Collect the scratch paper, pencils, and tickets from the students. Give all the tickets and used scratch paper to the STC at the end of testing.]

This is the end of the English version of the NM-ASR administration.

7.4 NM-ASR CBT—Science (Spanish) Session 1

Recommended Session Time: Refer to the tables in [section 2.2.2](#).

Materials Needed: Student Login Tickets, sharpened pencils with erasers, and scratch paper

On the day(s) of the NM-ASR, be sure to prepare the testing space as described in [section 4.3.1](#).

Note: Spelling words for students is prohibited.

SAY **Está prohibido tener teléfonos celulares u otros aparatos electrónicos durante la prueba.** [Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **Si tienen un teléfono celular o un aparato electrónico, apáguelo ahora y levanten la mano.** [Collect and store students' devices according to the procedure at your school.]

SAY **Si se les encuentra un teléfono celular u otro aparato electrónico durante la prueba, les será confiscado y se revisará su contenido.**

No toquen las computadoras sino hasta que se les indique. En esta sesión responderán algunas preguntas seleccionando sus respuestas en la pantalla de su computadora. Pueden resolver los problemas en el papel en blanco. Responderán otras preguntas escribiendo sus respuestas en los recuadros que aparecen en la pantalla. Algunas preguntas tienen dos o más partes. Asegúrense de contestar todas las partes de cada pregunta. En las preguntas de respuesta abierta, muestren o expliquen todo su trabajo usando números, palabras u oraciones. En las preguntas que les piden escribir su respuesta, escriban su respuesta en los recuadros que aparecen en su pantalla para cada pregunta. ¿Tienen alguna pregunta? [If there are any procedural questions, reread the directions.]

SAY **Asegúrense de que su computadora esté encendida. No abran ningún otro programa.** [If necessary, wait for workstations to boot up.]

SAY **Ahora, hagan doble clic en el ícono de “New Mexico Public Education Department Assessments” en su escritorio virtual o *desktop*. Una vez que el programa abra, verán una página de inicio de sesión para el estudiante.**

Wait for everyone to have the student sign-in page displaying on their screens. Work with students who need extra help accessing the portal. Remember, no other programs should be running while the testing kiosk is being launched.

SAY **Cada uno de ustedes debe estar viendo la página de inicio de sesión para el estudiante en su pantalla. Levanten la mano si no pueden ver la página de inicio de sesión.**

Work with students who need extra help accessing the sign-in page. Remember, no other programs should be running while students are launching the kiosk.

SAY **En la esquina inferior izquierda de la pantalla de inicio de sesión, hay un cuadro desplegable que dice “English” con una flecha al lado. Hagan clic en la flecha y luego seleccionen “Español”. Las palabras en la pantalla de inicio de sesión ahora deben estar en español. Levanten la mano si el texto en su pantalla no está en español.**

Work with students who need help changing the language to Spanish.

Distribute the Student Login Tickets. Post the Session 1 Access Code at the front of the room.

SAY Ustedes recibieron un boleto de prueba con su nombre y los datos para acceder al sistema. Revisen el boleto para asegurarse de que sea el suyo. Levanten la mano si aparece el nombre de otra persona en el boleto.

If any students have the wrong ticket, make the correction.

SAY Escriban cuidadosamente el nombre de usuario y la contraseña en la pantalla de inicio de sesión, tal y como aparecen en el boleto. Luego hagan clic en el botón de Iniciar sesión. Conserven su boleto de inicio de sesión sobre su escritorio porque el boleto se recogerá al terminar esta prueba.

Si pudieron iniciar la sesión, verán la palabra “Hola”, seguida de su nombre. Verifiquen que su nombre, su número de identificación del estudiante para la prueba y su fecha de nacimiento sean correctos. Levanten la mano si la información que aparece en la pantalla está incorrecta.

New Mexico Science Test Spanish

Sesión 1 Sesión 2 Sesión 3

Work with any students who may need extra help logging in to the program.

SAY Hagan clic en el botón azul que dice Sesión 1.

Ahora escribirán un código de acceso a la sesión en la casilla que dice “Código de acceso a la sesión”. El código es [read the Session Access Code to the students and direct them to the posted version]. Escriban el código ahora y luego hagan clic en *Enviar*. No empiecen sino hasta que se les indique.

SAY La página en la que se encuentran debe llamarse “Sesión 1, Instrucciones”. [Pause to make sure students are on the correct screen. Students with accommodations will see the “Options” screen before they get to the Directions screen. The Options screen lets them experiment with and change accommodations settings.]

SAY Vayan siguiéndolas mientras yo las leo en voz alta.

“Te damos la bienvenida a la Evaluación de Preparación en Ciencias de Nuevo México (NM-ASR, por sus siglas en inglés).

Esta es la Sesión 1. Debes contestar todas las preguntas de esta sesión.

Usa los botones de navegación para pasar a la siguiente pregunta o para regresar a la pregunta anterior en cada sesión.

Cada pregunta tendrá instrucciones específicas para responder. En algunas preguntas, puede ser que necesites elegir más de una respuesta correcta.

Cada pregunta de respuesta abierta tendrá un recuadro para escribir la respuesta. Escribe tu respuesta en el recuadro.

Algunas veces la información que necesitarás para responder las preguntas se mostrará en el lado izquierdo de la pantalla. Asegúrate de leer toda la información, luego responde las preguntas en el lado derecho de la pantalla. Algunas veces necesitarás usar la barra de desplazamiento para ver todo el contenido de una pregunta. Asegúrate de que has visto toda la pregunta antes de responder”.

¿Tienen alguna pregunta? [If there are any procedural questions, reread the directions.]

SAY Ahora, hagan clic en el botón de *Continuar*. Repasaremos juntos algunas de las herramientas y las instrucciones de navegación. La primera pregunta en la Sesión 1 debe aparecer en su pantalla. Vean los botones de la parte inferior derecha de la pantalla.

Estos son sus botones de navegación. El botón de *Borrar* borrará sus respuestas a las preguntas en la página. Si hacen clic en este botón, se les preguntará si están seguros de que quieren borrar esa respuesta.

El botón de *Pausar/Salir* los llevará a otra pantalla donde tendrán la opción de pausar, salir de la prueba o cancelarla. Si seleccionan *Pausar la prueba*, un cronómetro comenzará a contar 60 minutos. Para volver a la prueba dentro de esos 60 minutos, ingresen su contraseña y hagan clic en *Reanudar*. Cualquier bosquejo o dibujo que hayan hecho o cualquier texto que hayan resaltado antes de hacer una pausa en la prueba todavía estará ahí cuando continúen. Si no vuelven a la prueba dentro de los 60 minutos siguientes al momento en que hicieron una pausa en la prueba, o si seleccionan *Salir de la prueba*, saldrán de la prueba. Cualquier bosquejo o dibujo que hayan hecho o cualquier texto que hayan resaltado se borrará. Para reanudar la prueba, deberán iniciar su sesión nuevamente usando su nombre de usuario y contraseña y el código de acceso a la sesión. [If 60 minutes have elapsed, the proctor password will also be required.]

El botón de *Siguiente* los llevará a la pregunta siguiente. Hagan clic en el botón de *Siguiente* ahora. El botón de *Regresar* los llevará a la pregunta anterior. Hagan clic en el botón de *Regresar* ahora. Ustedes pueden añadir a sus favoritos cualquier pregunta para regresar a ella más tarde haciendo clic en la estrella que aparece enseguida del número de la pregunta en la parte superior izquierda de la pantalla. Hagan clic en la estrella ahora.

Otra manera de navegar por la prueba es utilizando el Mapa de la prueba. Ustedes pueden acceder al Mapa de la prueba haciendo clic en la flecha que está apuntando hacia abajo enseguida del número de la pregunta en la parte superior izquierda de la pantalla. Hagan clic en la flecha ahora.

El Mapa de la prueba es una representación visual de todas las preguntas del examen. Las preguntas ya contestadas aparecerán en azul; las preguntas que ya han visto pero no han contestado, en rojo; las preguntas añadidas a sus favoritos tendrán una estrella amarilla a un lado; y las preguntas que no han visto aún aparecerán en gris (observen que tienen una pregunta añadida a sus favoritos). Al hacer clic en el número de una pregunta, esto los llevará directamente a esa pregunta. Pueden hacer una pausa en la prueba, volver a la prueba o entregar su prueba desde el Mapa de la prueba.

Hagan clic en el número de la primera pregunta en el mapa de la prueba. Ahora ya están otra vez en la primera pregunta de la Sesión 1. Hagan clic en la estrella de sus favoritos para borrarla.

En la esquina inferior izquierda encontrarán su caja de herramientas. Allí verán varias herramientas disponibles para usar en esta prueba.

La herramienta para Eliminar la respuesta muestra unas líneas con una X sobre ellas. Esta herramienta les permite poner una X en rojo en las opciones de respuesta en preguntas de opción múltiple. Hagan clic en la herramienta para activarla. Hagan clic nuevamente para desactivarla.

La herramienta de la Libreta de notas parece un lápiz y una libreta de papel. Pueden usar la herramienta de la Libreta de notas para escribir notas, planificar su respuesta o resolver las preguntas. También pueden copiar y pegar el contenido de la libreta en el espacio de respuesta para las preguntas abiertas. Los apuntes que hagan en la herramienta de la Libreta de notas NO se guardarán ni se calificarán, así que tienen que escribir su respuesta en el espacio designado.

Hagan clic en la herramienta de la Libreta de notas ahora. Pueden mover la libreta haciendo clic en la línea oscura que aparece en la parte de abajo de la libreta y arrastrándola a su nueva ubicación. También pueden cambiar el tamaño de la libreta haciendo clic en la esquina derecha de la línea oscura y arrastrándola hacia adentro o hacia afuera. Hagan clic en la "X" que aparece en la esquina superior derecha de la herramienta de la Libreta de notas para cerrarla.

La herramienta Regla de lectura tiene las letras "abc". Esta herramienta proporciona una pequeña ventana que pueden mover hacia arriba y hacia abajo de la página para cubrir algunas de las palabras y ayudarles a leer. También pueden cambiar su tamaño para agregar más espacio en blanco o más espacio en gris.

La herramienta de Dibujo parece un lápiz. Al hacer clic en ella, se abrirá una caja de herramientas que contiene varios lápices de colores, un borrador y un marcador. Usen esta herramienta para resaltar partes del párrafo o pregunta que quieran destacar. No la usen para escribir sus respuestas. Hagan clic en esta herramienta ahora.

Ahora, hagan clic en el marcador amarillo y marquen una palabra en la pregunta. Ahora hagan clic en el lápiz azul y encierren en un círculo una palabra de la pregunta. Pueden borrar las marcas que acaban de hacer haciendo clic en el borrador y luego haciendo clic en la marca. Hagan clic en la "X" en la esquina superior derecha de la herramienta de Dibujo para cerrarla.

La herramienta **Resaltar texto** parece un marcador. Esta herramienta les permitirá seleccionar palabras específicas que quieran resaltar.

Desde el menú que aparece cuando hacen clic en esta herramienta pueden resaltar el texto o usar el borrador para eliminar una parte o todo el texto resaltado.

La herramienta **Referencias** se parece a una hoja de papel. Al hacer clic en ella, aparecerá el glosario de términos de ciencias.

➡ [For Grade 11 only, say the following.] **Y también aparecerá la tabla periódica, que pueden usar según sea necesario.**

Además de estas herramientas, algunas palabras en la prueba pueden tener un pequeño libro al lado. Si hacen clic en el libro, se abrirá un glosario emergente que les proporcionará la definición de la palabra.

Cuando lleguen a la última pregunta de la prueba, verán el botón de *Terminar* en la parte inferior derecha de la pantalla. Una vez que hayan contestado la última pregunta, hagan clic en *Terminar* para ir a la Página de resumen.

Esta página, igual que el Mapa de la prueba, identifica visualmente el número de preguntas contestadas, preguntas sin contestar y preguntas añadidas a sus favoritos. Pueden hacer clic en cualquier pregunta para regresar directamente a esa pregunta específica, o pueden hacer clic en *Regresar a la prueba* para volver a la última pregunta del examen.

Cuando hayan contestado todas las preguntas, hagan clic en *Entregar* dos veces.

¿Tienen alguna pregunta sobre las herramientas disponibles y la navegación? [If there are any procedural questions, reread the directions.]

SAY Comiencen con la primera pregunta en la Sesión 1. Trabajen hasta llegar al final de esta sesión.

Ustedes pueden regresar a cualquiera de las preguntas de esta sesión para revisar sus respuestas. ¿Todos entienden lo que tienen qué hacer? [If there are any procedural questions, reread the directions.]

SAY Ustedes tendrán todo el tiempo que necesiten para responder a las preguntas de esta sesión. Si no están seguros de la respuesta a una pregunta, hagan su mejor esfuerzo.

Cuando hayan terminado con esta sesión, asegúrense de que hicieron clic en *Terminar* y luego hicieron clic en *Entregar*. Se les preguntará si están seguros de que quieren entregar su prueba. Hagan clic en *Entregar* si están seguros. Si hacen clic en *Entregar*, esto garantizará que todas sus respuestas han sido enviadas y no podrán regresar ni tener acceso a esta sesión nuevamente. Cuando hayan entregado su prueba, verán la pantalla de “Hola” nuevamente, con la Sesión 1 tachada. ¿Tienen alguna pregunta?
[If there are any procedural questions, reread the directions.]

SAY Pueden comenzar.

Remain attentive in the room during the entire testing session. (Reading, grading papers, or doing other work is prohibited.) Circulate throughout the room during the testing session. Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students’ responses.

After students have finished (refer to administration time tables in section 2.2.2), continue reading the following script.

SAY Si no han terminado, pueden tener tiempo adicional para terminar la prueba. Levanten la mano si necesitan más tiempo. [Explain to students how extended time is to be handled in your school.]

SAY Ahora hagan clic en el botón de *Salir* que aparece en rojo en la esquina superior derecha.

SAY Con esto concluye la Sesión 1. Esperen en silencio en su escritorio mientras recojo el papel para apuntes, los lápices y los boletos de acceso al sistema. [Collect the scratch paper, pencils, and tickets from the students. Give all the tickets and used scratch paper to the STC at the end of testing.]

If you will immediately continue with Session 2, provide students with a short break and proceed to the directions in [section 7.5](#), on the next page.

If you will not immediately continue with Session 2, instruct the students to log out of their computers, and shut off their computers, if appropriate. Laptops should be moved to a charging cart or otherwise plugged in. Store the Student Login Tickets in central, secure, and locked storage until the next testing session.

Work with students who need help changing the language to Spanish.

Distribute the Student Login Tickets. Post the Session 2 Access Code at the front of the room.

SAY Ustedes recibieron un boleto de prueba con su nombre y los datos para acceder al sistema. Revisen el boleto para asegurarse de que sea el suyo. Levanten la mano si aparece el nombre de otra persona en el boleto.

If any students have the wrong ticket, make the correction.

SAY Escriban cuidadosamente el nombre de usuario y la contraseña en la pantalla de inicio de sesión, tal y como aparecen en el boleto. Luego hagan clic en el botón de Iniciar sesión. Conserven su boleto de inicio de sesión sobre su escritorio porque el boleto se recogerá al terminar esta prueba.

Si pudieron iniciar la sesión, verán la palabra “Hola”, seguida de su nombre. Verifiquen que su nombre, su número de identificación del estudiante para la prueba y su fecha de nacimiento sean correctos. Levanten la mano si la información que aparece en la pantalla está incorrecta.

SAY Hagan clic en el botón azul que dice Sesión 2.

Ahora escribirán un código de acceso a la sesión en la casilla que dice “Código de acceso a la sesión”. El código es [read the Session Access Code to the students and direct them to the posted version]. Escriban el código ahora y luego hagan clic en *Enviar*. No empiecen sino hasta que se les indique.

SAY La página en la que se encuentran debe llamarse “Sesión 2, Instrucciones”. [Pause to make sure students are on the correct screen. Students with accommodations will see the “Options” screen before they get to the Directions screen. The Options screen lets them experiment with and change accommodations settings.]

SAY Vayan siguiéndolas mientras yo las leo en voz alta.

“Esta es la Sesión 2. Debes contestar todas las preguntas de esta sesión.

Usa los botones de navegación para pasar a la siguiente pregunta o para regresar a la pregunta anterior en cada sesión.

Cada pregunta tendrá instrucciones específicas para responder. En algunas preguntas, puede ser que necesites elegir más de una respuesta correcta.

Cada pregunta de respuesta abierta tendrá un recuadro para escribir la respuesta. Escribe tu respuesta en el recuadro.

Algunas veces la información que necesitarás para responder las preguntas se mostrará en el lado izquierdo de la pantalla. Asegúrate de leer toda la información, luego responde las preguntas en el lado derecho de la pantalla. Algunas veces necesitarás usar la barra de desplazamiento para ver todo el contenido de una pregunta. Asegúrate de que has visto toda la pregunta antes de responder”.

¿Tienen alguna pregunta? [If there are any procedural questions, reread the directions.]

SAY Ahora, hagan clic en el botón de *Continuar*. Repasaremos juntos algunas de las herramientas y las instrucciones de navegación. La primera pregunta en la Sesión 2 debe aparecer en su pantalla. Vean los botones de la parte inferior derecha de la pantalla.

Éstos son sus botones de navegación. El botón de *Borrar* borrará sus respuestas a las preguntas en la página. Si hacen clic en este botón, se les preguntará si están seguros de que quieren borrar esa respuesta.

El botón de *Pausar/Salir* los llevará a otra pantalla donde tendrán la opción de pausar, salir de la prueba o cancelarla. Si seleccionan *Pausar la prueba*, un cronómetro comenzará a contar 60 minutos. Para volver a la prueba dentro de esos 60 minutos, ingresen su contraseña y hagan clic en *Reanudar*. Cualquier bosquejo o dibujo que hayan hecho o cualquier texto que hayan resaltado antes de hacer una pausa en la prueba todavía estará ahí cuando continúen. Si no vuelven a la prueba dentro de los 60 minutos siguientes al momento en que hicieron una pausa en la prueba, o si seleccionan *Salir de la prueba*, saldrán de la prueba. Cualquier bosquejo o dibujo que hayan hecho o cualquier texto que hayan resaltado se borrará. Para reanudar la prueba, deberán iniciar su sesión nuevamente usando su nombre de usuario y contraseña y el código de acceso a la sesión. [If 60 minutes have elapsed, the proctor password will also be required.]

El botón de *Siguiente* los llevará a la pregunta siguiente. Hagan clic en el botón de *Siguiente* ahora. El botón de *Regresar* los llevará a la pregunta anterior. Hagan clic en el botón de *Regresar* ahora. Ustedes pueden añadir a sus favoritos cualquier pregunta para regresar a ella más tarde haciendo clic en la estrella que aparece enseguida del número de la pregunta en la parte superior izquierda de la pantalla. Hagan clic en la estrella ahora.

Otra manera de navegar por la prueba es utilizando el Mapa de la prueba. Ustedes pueden acceder al Mapa de la prueba haciendo clic en la flecha que está apuntando hacia abajo enseguida del número de la pregunta en la parte superior izquierda de la pantalla. Hagan clic en la flecha ahora.

El Mapa de la prueba es una representación visual de todas las preguntas del examen. Las preguntas ya contestadas aparecerán en azul; las preguntas que ya han visto pero no han contestado, en rojo; las preguntas añadidas a sus favoritos tendrán una estrella amarilla a un lado; y las preguntas que no han visto aún aparecerán en gris (observen que tienen una pregunta añadida a sus favoritos). Al hacer clic en el número de una pregunta, esto los llevará directamente a esa pregunta. Pueden hacer una pausa en la prueba, volver a la prueba o entregar su prueba desde el Mapa de la prueba.

Hagan clic en el número de la primera pregunta en el mapa de la prueba. Ahora ya están otra vez en la primera pregunta de la Sesión 2. Hagan clic en la estrella de sus favoritos para borrarla.

En la esquina inferior izquierda encontrarán su caja de herramientas. Allí verán varias herramientas disponibles para usar en esta prueba.

La herramienta para Eliminar la respuesta muestra unas líneas con una X sobre ellas. Esta herramienta les permite poner una X en rojo en las opciones de respuesta en preguntas de opción múltiple. Hagan clic en la herramienta para activarla. Hagan clic nuevamente para desactivarla.

La herramienta de la Libreta de notas parece un lápiz y una libreta de papel. Pueden usar la herramienta de la Libreta de notas para escribir notas, planificar su respuesta o resolver las preguntas. También pueden copiar y pegar el contenido de la libreta en el espacio de respuesta para las preguntas abiertas. Los apuntes que hagan en la herramienta de la Libreta de notas NO se guardarán ni se calificarán, así que tienen que escribir su respuesta en el espacio designado.

Hagan clic en la herramienta de la Libreta de notas ahora. Pueden mover la libreta haciendo clic en la línea oscura que aparece en la parte de abajo de la libreta y arrastrándola a su nueva ubicación. También pueden cambiar el tamaño de la libreta haciendo clic en la esquina derecha de la línea oscura y arrastrándola hacia adentro o hacia afuera. Hagan clic en la "X" que aparece en la esquina superior derecha de la herramienta de la Libreta de notas para cerrarla.

La herramienta Regla de lectura tiene las letras "abc". Esta herramienta proporciona una pequeña ventana que pueden mover hacia arriba y hacia abajo de la página para cubrir algunas de las palabras y ayudarles a leer. También pueden cambiar su tamaño para agregar más espacio en blanco o más espacio en gris.

La herramienta de Dibujo parece un lápiz. Al hacer clic en ella, se abrirá una caja de herramientas que contiene varios lápices de colores, un borrador y un marcador. Usen esta herramienta para resaltar partes del párrafo o pregunta que quieran destacar. No la usen para escribir sus respuestas. Hagan clic en esta herramienta ahora.

Ahora, hagan clic en el marcador amarillo y marquen una palabra en la pregunta. Ahora hagan clic en el lápiz azul y encierren en un círculo una palabra de la pregunta. Pueden borrar las marcas que acaban de hacer haciendo clic en el borrador y luego haciendo clic en la marca. Hagan clic en la "X" en la esquina superior derecha de la herramienta de Dibujo para cerrarla.

La herramienta **Resaltar texto** parece un marcador. Esta herramienta les permitirá seleccionar palabras específicas que quieran resaltar.

Desde el menú que aparece cuando hacen clic en esta herramienta pueden resaltar el texto o usar el borrador para eliminar una parte o todo el texto resaltado.

La herramienta **Referencias** se parece a una hoja de papel. Al hacer clic en ella, aparecerá el glosario de términos de ciencias.

➡ [For Grade 11 only, say the following.] **Y también aparecerá la tabla periódica, que pueden usar según sea necesario.**

Además de estas herramientas, algunas palabras en la prueba pueden tener un pequeño libro al lado. Si hacen clic en el libro, se abrirá un glosario emergente que les proporcionará la definición de la palabra.

Cuando lleguen a la última pregunta de la prueba, verán el botón de *Terminar* en la parte inferior derecha de la pantalla. Una vez que hayan contestado la última pregunta, hagan clic en *Terminar* para ir a la Página de resumen.

Esta página, igual que el Mapa de la prueba, identifica visualmente el número de preguntas contestadas, preguntas sin contestar y preguntas añadidas a sus favoritos. Pueden hacer clic en cualquier pregunta para regresar directamente a esa pregunta específica, o *Regresar a la prueba* para volver a la última pregunta del examen.

Cuando hayan contestado todas las preguntas, hagan clic en *Entregar* dos veces.

¿Tienen alguna pregunta sobre las herramientas disponibles y la navegación? [If there are any procedural questions, reread the directions.]

SAY Comiencen con la primera pregunta en la Sesión 2. Trabajen hasta llegar al final de esta sesión.

Ustedes pueden regresar a cualquiera de las preguntas de esta sesión para revisar sus respuestas. ¿Todos entienden lo que tienen qué hacer? [If there are any procedural questions, reread the directions.]

SAY Ustedes tendrán todo el tiempo que necesiten para responder a las preguntas de esta sesión. Si no están seguros de la respuesta a una pregunta, hagan su mejor esfuerzo.

Cuando hayan terminado con esta sesión, asegúrense de que hicieron clic en *Terminar* y luego hicieron clic en *Entregar*. Se les preguntará si están seguros de que quieren entregar su prueba. Hagan clic en *Entregar* si están seguros. Si hacen clic en *Entregar*, esto garantizará que todas sus respuestas han sido enviadas y no podrán regresar ni tener acceso a esta sesión nuevamente. Cuando hayan entregado su prueba, verán la pantalla de “Hola” nuevamente, con la Sesión 2 tachada. ¿Tienen alguna pregunta?
[If there are any procedural questions, reread the directions.]

SAY Pueden comenzar.

Remain attentive in the room during the entire testing session. (Reading, grading papers, or doing other work is prohibited.) Circulate throughout the room during the testing session. Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students’ responses.

After students have finished (refer to administration time tables in section 2.2.2), continue reading the following script.

SAY Si no han terminado, pueden tener tiempo adicional para terminar la prueba. Levanten la mano si necesitan más tiempo. [Explain to students how extended time is to be handled in your school.]

SAY Ahora hagan clic en el botón de *Salir* que aparece en rojo en la esquina superior derecha.

SAY Con esto concluye la Sesión 2. Esperen en silencio en su escritorio mientras recojo el papel para apuntes, los lápices y los boletos de acceso al sistema. If you will immediately continue with Session 3, provide students with a short break and proceed to the directions in [section 7.6](#), on the next page.

If you will not immediately continue with Session 3, instruct the students to log out of their computers, and shut off their computers, if appropriate. Laptops should be moved to a charging cart or otherwise plugged in. Store the Student Login Tickets in central, secure, and locked storage until the next testing session.

7.6 NM-ASR CBT—Science (Spanish) Session 3

Recommended Session Time: Refer to the tables in [section 2.2.2](#).

Materials Needed: Student Login Tickets, sharpened pencils with erasers, and scratch paper

On the day(s) of the NM-ASR, be sure to prepare the testing space as described in [section 4.3.1](#).

Note: Spelling words for students is prohibited.

SAY **Está prohibido tener teléfonos celulares u otros aparatos electrónicos durante la prueba.** [Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **Si tienen un teléfono celular o un aparato electrónico, apáguelo ahora y levanten la mano.** [Collect and store students' devices according to the procedure at your school.]

SAY **Si se les encuentra un teléfono celular u otro aparato electrónico durante la prueba, les será confiscado y se revisará su contenido.**

No toquen las computadoras sino hasta que se les indique. En esta sesión responderán algunas preguntas seleccionando sus respuestas en la pantalla de su computadora. Pueden resolver los problemas en el papel en blanco. Responderán otras preguntas escribiendo sus respuestas en los recuadros que aparecen en la pantalla. Algunas preguntas tienen dos o más partes. Asegúrense de contestar todas las partes de cada pregunta. En las preguntas de respuesta abierta, muestren o expliquen todo su trabajo usando números, palabras u oraciones. En las preguntas que les piden escribir su respuesta, escriban su respuesta en los recuadros que aparecen en su pantalla para cada pregunta. ¿Tienen alguna pregunta? [If there are any procedural questions, reread the directions.]

SAY **Asegúrense de que su computadora esté encendida. No abran ningún otro programa.** [If necessary, wait for workstations to boot up.]

Esperen en silencio en su escritorio mientras recojo el papel para apuntes, los lápices y los boletos de acceso al sistema. [Collect the scratch paper, pencils, and tickets from the students. Give all the tickets and used scratch paper to the STC at the end of testing.]

This is the end of the Spanish version of the NM-ASR online administration.

8. After Computer-Based Testing

8.1 Final Reminders

1. Make sure that the students click “Turn In” once they complete a test session. By clicking “Turn In” the students will ensure all of their answers are submitted and their test status will show as finished and completed.
2. All used scratch paper and student login tickets must be collected and securely shredded at the school immediately following testing.

9. Before Paper-Based Testing

9.1 Preliminary Preparation

Inform students of the importance of the NM-MSSA and of the testing schedule before testing begins. Be sure that students are familiar and comfortable with standardized test procedures and test-taking strategies.

Test administrators should become familiar with all administration procedures before testing.

Carefully read through this manual, review the testing schedule established by the district/school, and be sure to gather materials for each session before the start of testing. You should have a list of the students who will be testing in your classroom, as well as a list of students requiring accommodations and the accommodations each student requires. Please review the session scripts that you will read to students during testing (see [sections 11.1–12.6](#)).

9.2 Test Scheduling

Plan to administer each test session within the testing window scheduled by your school. Test sessions must be administered in accordance with PED test schedule guidelines. See [section 2.2.2](#) for approximate session administration times.

Breaks of at least 15 minutes should be provided between sessions. Students should be allowed to leave the testing room to use the restroom as needed during the testing session, provided they are escorted to the facility. Before leaving the classroom, students must give their test booklets with inserted answer documents and all other test materials to you or the proctor. While the student is in the restroom, ensure that the remaining students are supervised and the test materials do not leave the classroom.

When students complete all the sessions scheduled for the day, collect their test booklets with inserted answer documents and instruct the students to sit quietly or quietly read a book at their desks until all students have finished. Reading is the only activity allowed.

9.2.1 Testing Disruptions

The schedule should provide sufficient time to ensure that each test session will be completed before lunch or afternoon dismissal. If it is estimated that students cannot finish a session before dismissal, the students should not begin the session and the session should be rescheduled for a makeup day.

Except in the following circumstances, students are not allowed to stop in the middle of a session and resume at a later point.

- Sudden student illness
- Emergency evacuation
- Fire drill

In these circumstances, students may be allowed to complete the session later, but they **may not** change responses to any test questions already answered.

9.2.2 Absences

Parents and guardians should be urged in advance of testing to avoid making medical appointments or planning trips for their child on a scheduled testing day. If a student is unable to take a test session(s) on the scheduled testing day(s) due to illness, a medical appointment that cannot be rescheduled, or unforeseen circumstances, the student may be administered the test session(s) that was missed on a makeup testing day.

As a TA, you must keep a record of all student absences for each session of the regular and makeup NM-ASR or NM-MSSA sessions that you administer and then forward this record to the STC. In turn, the STC must keep a record of all students who miss both the regular and makeup administrations of any test session.

9.2.3 Makeup Testing

If a student misses a session due to illness or some other legitimate reason, a makeup session must be held before the end of the testing window. Makeup tests may be administered throughout the main testing window except during regular testing. Makeup tests are considered valid so schools and districts are not penalized for legitimate student absences.

9.3 Preparing for Administration

9.3.1 Preparing the Testing Environment

Prepare the testing room by ensuring the following:

- There is sufficient lighting and space between students' desks.
- The room has a "Testing—Do Not Disturb" sign on the door.
- Nothing is visible that would give clues to any of the answers on the test, such as rubrics, writing guides, word walls, hundreds charts, fact tables, etc.

9.3.2 Materials Required, Permitted, and Not Permitted

The following materials are **required** for paper-based testing:

- this manual, which includes English and Spanish administration scripts
- a "Testing—Do Not Disturb" sign for the classroom door
- two No. 2 pencils with erasers for each student
 - › **Mechanical pencils are not allowed.**
- test booklets
- answer documents
 - › **Note:** for grade 3 tests, the answer bubbles are integrated into the test booklets; there are no separate answer documents
- for the Mathematics tests
 - › calculators for Session 2 (see *Calculators* below)

The following materials are **permitted** (but not required) for paper-based testing:

- highlighters
 - › Students may use yellow highlighters to mark in the test booklets.
- scratch paper

The following materials are **not permitted** for paper-based testing:

- mechanical pencils

Calculators

For the second session of Mathematics assessments (see the tables in [section 2.2.2](#)), a hand-held calculator should be provided to each student. Calculators are not permitted for use during the NM-ASR.

- For grades 3–6, students may use only four-function calculators with square root and percentage functions during Session 2. The use of calculators is not allowed during Session 1.
- For grades 7 & 8, students may use only scientific calculators during Session 2. The use of calculators is not allowed during Session 1.

10. During Paper-Based Testing

10.1 Directions for Test Administration

In sections 11.1–12.6, the directions that are to be read aloud to students are in **bold** font. Directions to you are interspersed within the script and are in regular font and in brackets. Read the directions for students exactly as written, using a natural tone and manner. If you make a mistake in reading a direction, stop and say, “No. That is wrong. Listen again.” Then read the direction again.

- Encourage the students to do their best.
- Check periodically to make sure that the students are recording their answers properly and are only working in the current test session.
- Ensure that the students work until they reach the end of each testing session.
- Remember that you are prohibited from spelling words for students during all testing sessions.

10.2 Completing Answer Documents

To ensure accurate processing of the answer documents, they should be marked properly and kept in good physical condition. Remind the students to

- handle test booklets and answer documents with care;
- record their answers with heavy, dark marks;
- use only a No. 2 pencil (no mechanical pencils are allowed);
- avoid making extra marks in the answer documents;
- avoid folding answer document covers back;
- leave extra space blank if answer boxes appear to be larger than necessary; and
- remember that only what is darkened in the response circles and written in the answer boxes will be scored.

11. NM-MSSA PBT Directions and Scripts

11.1 NM-MSSA PBT—Mathematics & ELA (English) Session 1

Suggested Session Time: Refer to the tables in [section 2.2.2](#).

Materials Required:

- test booklets, answer documents (for grades 4–8), sharpened No. 2 pencils with erasers, scratch paper

On the day(s) of the NM-MSSA testing, be sure to prepare the testing space as described in [section 9.3.1](#).

SAY You are not allowed to have a cell phone or other electronic device during testing.
[Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **If you have a cell phone or an electronic device in your possession, turn it off now and raise your hand.** [Collect and store students' devices according to the procedure at your school.]

SAY If a cell phone or other electronic device is discovered during testing, it will be confiscated and subject to search.

➡ [If administering a grade 3 test, say] **I will now give you your test booklet. Leave it closed until I tell you what to do.**

➡ [If administering a grades 4–8 test, say] **I will now give you your test booklet and answer document. Leave both closed until I tell you what to do.**

[Distribute the test booklets, answer documents (for grades 4–8), and two pencils to each student.]

SAY Only No. 2 pencils may be used. Mechanical pencils may NOT be used.

➡ [If administering a grade 3 test, say] **Look at the name box on the front cover of your test booklet.**

➡ [If administering a grades 4–8 test, say] **Look at the name box on the front cover of your answer document.**

Print your first and last name neatly on the line. [Pause.]

SAY Open your test booklet to the Session 1 directions.

➡ [If administering a grades 4–8 test, say] **Open your answer document to the first page that says "Session 1." Do not fold your answer document back during this test.**

[Walk around the room to make sure everyone has the booklets open to the correct pages. For grades 4–8, answer documents should be open flat, not folded back.]

SAY In this session, some questions will have specific directions explaining how to answer. For some questions, you may need to choose more than one correct answer. You will answer other questions by writing your answers in the boxes provided in your test booklet. Be sure to fit your answers within the boxes. Some questions have two or more parts. Be sure to answer all parts. While you are working, be sure to erase completely any changes that you make and clearly fill in the bubble for your intended answer.

Look at the directions in the test booklet at the top of the page. Follow along as I read them aloud.

➡ [If administering a Mathematics test, say the following.]

Today you will take a test in mathematics.

For this test, you will answer selected-response and constructed-response questions.

Some of the questions may look different from test questions you have seen before, and some may ask about material that is new to you, but it is important to do your best.

If you are not sure of the answer to a question, you should still try to answer it.

You may NOT use a calculator to answer the questions in this section.

Do not make any pencil marks outside of the circles. If you need to change an answer, be sure to erase your first answer completely. If a question asks you to show or explain your work, you must do so to receive full credit. Only responses written within the provided space will be scored.

If you do not know the answer to a question, you may go on to the next question.

If you finish early, you may review your answers and any questions you did not answer in this session ONLY. Do not go past the stop sign.

➡ [If administering an ELA test, say the following.]

Today you will take a test in reading.

For this test, you will read passages and then answer questions about the passages.

Some of the questions may look different from test questions you have seen before, and some may ask about material that is new to you, but it is important to do your best.

If you are not sure of the answer to a question, you should still try to answer it.

Are there any questions? [If there are any procedural questions, reread the directions.]

SAY You will have as much time as you need to answer the questions in this session. If you are not sure about the answer to a question, do the best you can. Begin with the first question in this session and continue working until you see the stop sign. Do not work past the stop sign.

- ➡ [If administering a grade 3 test, say] **Remember to mark or write all of your answers inside the answer boxes in the test booklet. When you are finished with this session, close your test booklet.**
- ➡ [If administering a grades 4–8 test, say] **Remember to mark or write all of your answers inside the answer boxes in the answer document. Anything written in the test booklet will NOT be scored. When you are finished with this session, close your test booklet and answer document and insert your answer document into your test booklet.**

You may then sit quietly or quietly read a book at your desk.

Do you have any questions? [If there are any procedural questions, reread the directions.]

SAY You may begin.

Remain attentive and circulate throughout the room during the testing session. (Reading, grading papers, or doing other work is prohibited.) Ensure all students are working in the correct session and have not skipped to a different session.

Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students' responses.

After students have finished (refer to administration time tables in [section 2.2.2](#)), continue reading the following script.

SAY If you have not finished, you may have additional time to complete the test. Raise your hand if you need additional time. [Explain to students how extended time is to be handled in your school.]

SAY This completes Session 1.

If you will immediately continue with the next session, provide students with a short break and proceed to the directions in [section 11.2](#) for Mathematics or [section 11.3](#) for ELA.

If you will not immediately continue with the next session, collect the test booklets (with inserted answer documents for grades 4–8), pencils with erasers, and all other test materials from the students. Place all test materials in central, secure, and locked storage until the next testing session.

11.2 NM-MSSA PBT—Mathematics (English) Session 2

Suggested Session Time: Refer to the tables in [section 2.2.2](#).

Materials Required:

- test booklets, answer documents (for grades 4–8), sharpened No. 2 pencils with erasers, scratch paper
- calculators (grades 3–6, basic; grades 7 & 8, scientific)

On the day(s) of the NM-MSSA testing, be sure to prepare the testing space as described in [section 9.3.1](#).

If you are not immediately continuing from the prior session,

SAY You are not allowed to have a cell phone or other electronic device during testing.
[Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **If you have a cell phone or an electronic device in your possession, turn it off now and raise your hand.** [Collect and store students' devices according to the procedure at your school.]

SAY If a cell phone or other electronic device is discovered during testing, it will be confiscated and subject to search.

➡ [If administering a grade 3 test, say] **I will now give you your test booklet. Leave it closed until I tell you what to do.**

➡ [If administering a grades 4–8 test, say] **I will now give you your test booklet and answer document. Leave both closed until I tell you what to do.**

I will also give you a calculator if you did not bring your own.

[Distribute the test booklets, answer documents (for grades 4–8), and two pencils to each student. Also distribute calculators to students who did not bring their own.]

SAY Only No. 2 pencils may be used. Mechanical pencils may NOT be used.

To all students,

SAY Open your test booklet to the directions for Session 2.

➡ [If administering a grades 4–8 test, say] **Open your answer document to the first page that says "Session 2." Do not fold your answer document back during this test.**

[Walk around the room to make sure everyone has the booklets open to the correct pages. For grades 4–8, answer documents should be open flat, not folded back.]

Lean las instrucciones del folleto de prueba al inicio de la página. Vayan siguiéndolas mientras yo las leo en voz alta.

➡ [If administering a mathematics test, say the following.]

Hoy vas a tomar una prueba de matemáticas.

En esta prueba, vas a responder preguntas de opción múltiple y preguntas de respuesta abierta.

Algunas de las preguntas pueden parecer diferentes de las preguntas que has visto antes y es posible que algunas preguntas se refieran a información nueva para ti, pero es importante que contestes lo mejor que puedas.

Aun si no estás seguro de la respuesta a una pregunta, debes tratar de responderla.

NO puedes usar calculadora para responder las preguntas de esta sesión.

No hagan marcas con el lápiz fuera de los círculos. Si necesitan cambiar una respuesta, asegúrense de borrar su primera respuesta por completo. Si una pregunta les pide que muestren o expliquen su trabajo, deben hacerlo para recibir crédito completo. Solo se calificarán las respuestas escritas dentro del espacio proporcionado.

Si no saben la respuesta a una pregunta, pueden pasar a la siguiente pregunta.

Si terminan antes de tiempo, pueden revisar sus respuestas y cualquier pregunta que no hayan contestado en esta sesión SOLAMENTE. No hagan nada más allá del símbolo de alto.

NO se calificará nada que esté escrito en el folleto de prueba. Cuando hayan terminado esta sesión, cierren su folleto de prueba y su documento de respuestas, y metan el documento de respuestas adentro del folleto de prueba.**

Luego, pueden sentarse en silencio o leer un libro en su escritorio sin hacer ruido.

¿Tienen alguna pregunta? [If there are any procedural questions, reread the directions.]

SAY Pueden comenzar.

Remain attentive and circulate throughout the room during the testing session. (Reading, grading papers, or doing other work is prohibited.) Ensure all students are working in the correct session and have not skipped to a different session.

Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students' responses.

After students have finished (refer to administration time tables in [section 2.2.2](#)), continue reading the following script.

SAY **Si no han terminado, pueden tener tiempo adicional para terminar la prueba. Levanten la mano si necesitan más tiempo.** [Explain to students how extended time is to be handled in your school.]

SAY **Con esto concluye la Sesión 2.**

Collect the test booklets (with inserted answer documents for grades 4–8), pencils with erasers, and all other test materials from the students. Place all test materials in central, secure, and locked storage until they are ready to be turned over to the STC.

12. NM-ASR PBT Directions and Scripts

12.1 NM-ASR PBT—Science (English) Session 1

Recommended Session Time: Refer to the tables in [section 2.2.2](#).

Materials Needed:

- test booklets, answer documents, sharpened No. 2 pencils with erasers, (for grade 11 only) periodic table reference sheets

On the day(s) of the NM-ASR, be sure to prepare the testing space as described in [section 9.3.1](#).

Note: Calculators **may not** be used. Scratch paper may be used. Spelling words for students is prohibited.

SAY **You are not allowed to have a cell phone or other electronic device during testing.** [Please refer to PED Policy on Electronic Devices in [section 2.1.2](#).] **If you have a cell phone or an electronic device in your possession, turn it off now and raise your hand.** [Collect and store students' devices according to the procedure at your school.]

SAY **If a cell phone or other electronic device is discovered during testing, it will be confiscated and subject to search.**

I will now give you your test booklet and answer document. Leave both closed until I tell you what to do. [For Grade 11 only, say the following.] **I will also give you a periodic table reference sheet for you to use as needed.**

[Distribute the test booklets, answer documents, and two pencils to each student. For grade 11 only, distribute a reference sheet to each student.]

SAY **Only No. 2 pencils may be used. Mechanical pencils may NOT be used.**

Look at the name boxes on the front covers of your test booklet and answer document. Print your first and last name neatly on the lines on each document. [Pause.]

SAY **Open your test booklet to the Session 1 Science directions. Open your answer document to the first page that says "Session 1 Science." Do not fold your answer document back during this test.**

Walk around the room to make sure everyone has the booklets open to the correct pages. Answer documents should be open flat, not folded back.

SAY **In this session, each question will have specific directions explaining how to answer. For some questions, you may need to choose more than one correct answer. You will answer other questions by writing your answers in the boxes provided in your answer document. Be sure to fit your answers within the boxes. Some questions have two or more parts. Be sure to answer all parts. While you are working, be sure to erase completely any changes that you make and clearly fill in the bubble for your intended answer.**

Look at the directions in the test booklet at the top of the page. Follow along as I read them aloud. "Directions: Read each question carefully. For each multiple-choice question, decide which is the best answer. Be sure to mark or write your answers in your answer document. Only answers and work written inside the answer boxes will be scored." Are there any questions? [If there are any procedural questions, reread the directions.]

SAY You will have as much time as you need to answer the questions in this session. If you are not sure about the answer to a question, do the best you can. You may draw or write in your test booklet if this will help you answer the questions. Begin with the first question in this session and continue working until you see the stop sign. Do not work past the stop sign. Remember to mark or write all of your answers inside the answer boxes in the answer document. Anything written in the test booklet will NOT be scored.

When you are finished with this session, close your test booklet and answer document and insert your answer document into your test booklet. You may then sit quietly or quietly read a book at your desk. Do you have any questions? [If there are any procedural questions, reread the directions.]

SAY You may begin.

Remain attentive and circulate throughout the room during the testing session. (Reading, grading papers, or doing other work is prohibited.) Ensure all students are working in the correct session and have not skipped to a different session.

Remember that identifying and pointing out questions a student did not complete either during or after the test is not allowed. Remind students as part of the general instructions to complete all of the questions and to check to be sure they have completed this session.

Reminder: You may not review the students' responses.

After students have finished (refer to administration time tables in section 2.2.2), continue reading the following script.

SAY If you have not finished, you may have additional time to complete the test. Raise your hand if you need additional time. [Explain to students how extended time is to be handled in your school.]

SAY This completes Session 1.

If you will immediately continue with Session 2, provide students with a short break and proceed to the directions in [section 12.2](#).

If you will not immediately continue with Session 2, collect the test booklets with inserted answer documents and the pencils with erasers from the students as they finish. Place all test materials in central, secure, and locked storage until the next testing session.

12.2 NM-ASR PBT—Science (English) Session 2

Recommended Session Time: Refer to the tables in [section 2.2.2](#).

Materials Needed: test booklets, answer documents, sharpened No. 2 pencils with erasers, (for grade 11 only) periodic table reference sheets

SAY If you have not finished, you may have additional time to complete the test. Raise your hand if you need additional time. [Explain to students how extended time is to be handled in your school.]

SAY This completes the New Mexico Assessment of Science Readiness.

This is the end of the English version of the NM-ASR administration.

Collect the test booklets with inserted answer documents and the pencils with erasers from the students. Follow the directions in [section 13.3](#) for completing student information on the answer document biogrids. Return all test booklets and answer documents to the STC.

12.4 NM-ASR PBT—Science (Spanish) Session 1

Recommended Session Time: Refer to the tables in [section 2.2.2](#).

Materials Needed: test booklets, answer documents, sharpened No. 2 pencils with erasers, Spanish-English glossaries of science terms, (for grade 11 only) periodic table reference sheets

On the day(s) of the NM-ASR, be sure to prepare the testing space as described in [section 9.3.1](#).

Note: Calculators **may not** be used. Scratch paper may be used. Spelling words for students is prohibited.

SAY Con esto concluye el examen de la Evaluación de preparación en ciencias de Nuevo México.

This is the end of the Spanish version of the NM-ASR administration.

Collect the test booklets with inserted answer documents and the pencils with erasers from the students. Follow the directions in [section 13.3](#) for completing student information on the answer document biogrids. Return all test booklets and answer documents to the STC.

13. After Paper-Based Testing

13.1 Completing Student Information on the Biogrid

The biogrid is located on the last two pages of the answer document (or integrated test booklet, for the grade 3 tests). A sample biogrid is provided for your reference in [section 13.3](#). Please refer to this section when reviewing the rules below for completing the biogrid.

Do NOT ALLOW students to fill in any information in sections 1 or 2 of the biogrid.

Please remember that bubbling a field on the biogrid for new students or students whose Pre-ID label is not valid will not update or be automatically uploaded to STARS/NASIS. Corrections to STARS/NASIS must be made by school administrators. Be sure to make these corrections or updates before the close of the testing window to ensure reporting accuracy. Directions for bubbling each of the boxes on the biogrid are provided in [section 13.3.1](#) for reference, as needed.

Personnel at all schools—public, charter, and state supported—need to conduct a final check of all the biogrids to verify that the information has been recorded accurately and the correct label has been applied before the materials are sent to the DTCs for shipping.

13.2 Rules for the Use of Pre-ID Labels

13.2.1 Purpose of Pre-ID Labels

Pre-ID labels simplify school personnel's task of completing student identification on the biogrid by eliminating the need to "bubble" all the demographic information for the student that is already stored in PED's STARS system. Bypassing the "hand bubbling" step helps ensure the accuracy of the demographic information associated with each student, such as gender, ethnicity, ELL status, etc. Of course, this means that school personnel must ensure the STARS/NASIS demographic information is accurate and kept up to date.

Pre-ID labels are provided for public schools, charter schools, and state educational institutions.

13.2.2 Valid versus Invalid Pre-ID Labels

Only valid Pre-ID labels may be used. A Pre-ID label is valid only if all three essential identifiers are accurate. These three essential identifiers are

1. Student's last name, first name, and middle initial
2. Student's date of birth
3. Student's state identification number

13.2.3 Valid Pre-ID Labels

If all three essential identifiers are valid, the label may be used. For each answer document, match the Pre-ID label with the name the student wrote on the front cover and apply it to the bottom right corner on the back cover. You do not need to bubble boxes A–F.

13.2.4 Invalid Pre-ID Labels

If any of the three essential identifiers are incorrect, the label is invalid and must be destroyed by shredding. In this case, school staff must hand-bubble boxes A–F of the biogrid and update STARS/NASIS with the correct information.

If you did not receive a Pre-ID label for a student, bubble boxes A–F and update STARS/NASIS with the correct student information.

Please refer to the Rules for Completing Biogrids table in [section 13.3](#).

13.3 Rules for Completing English or Spanish PBT Biogrids

	Section 1: TESTING	Section 2: IDENTIFICATION
Public, charter, state educational institutions	Bubble Box(es)	Bubble Box(es)
1. Pre-ID label has 3 correct identifiers.	Any that apply	Leave blank
2. Pre-ID label has 1 or more incorrect identifiers.	Any that apply	A–F
3. Student does not have a Pre-ID label.	Any that apply	A–F
4. Student is new.	Any that apply	A–F

13.3.1 Directions for Each Box

NOTE: The box letters are organized by biogrid section 1 or 2.

Section 1: TESTING (All schools, as needed)

Box G. Test Completion Status—Mark the bubble corresponding to the student’s test completion status if the student was not tested in all sessions, or if a modification/other testing irregularity occurs.

Box H. IEP/504 Accommodations—Mark the bubble(s) that corresponds to the accommodation(s) used for any students who are Special Education and/or have a 504 Plan who participated in any part of this administration with an accommodation.

Box I. EL Accommodations—Mark the bubble(s) that corresponds to the accommodation(s) used for any students who are EL and participated in any part of this administration with an accommodation.

Box J. Void–Do Not Score—Mark this bubble if the answer document needs to be voided completely and not scored.

Section 2: IDENTIFICATION (Public school students, charter school students, and students who attend state educational institutions whose Pre-ID label is not valid)

Box A. Student Name—Write in and mark the bubbles for the first 20 characters of the student’s last name, the first 16 characters of the first name, and the middle initial (MI).

Box B. District Code—Mark the bubbles with the correct district code.

Box C. School Code—Mark the bubbles with the correct school code.

Box D. Birth Date—Mark the bubble for the month of birth; then write in and mark the bubbles for the day and year of birth.

Box E. State Student ID—Write in and mark the bubbles for the nine-digit state student ID number.

Box F. Gender—Mark the bubble corresponding to the student’s gender.

13.4 Final Reminders

Check the answer documents (or integrated test booklet, for the grade 3 tests) and verify that

- the Pre-ID label is properly affixed to the correct answer document.
- each student's responses have been made with a black soft-lead (No. 2) pencil.
- any answer document that has been badly folded, crumpled, torn, or otherwise damaged is placed at the top of the stack of answer documents for inclusion in the Special Handling Envelope.

Check the large-print materials to

- verify that all of the answers written in the large-print test booklet were transcribed **exactly** into the student's answer document. Only answers in the answer document or typed responses will be scored.
- include any typewritten or handwritten pages as instructed in section 3.3.5.

Check the Braille materials to

- verify that the student's answers were transcribed **exactly** into the student's answer document. (If the responses are not transcribed into the student's non-Braille answer document, they will **not** be scored.)
- include any typewritten or handwritten pages with the answer document as instructed in section 3.3.5.

Return all test booklets and answer documents to the STC at the completion of testing.

Appendix A: Computer-Based Testing Checklist for Test Administrators

Please note: This checklist is provided as a summary only. It is essential that you thoroughly read this entire manual in order to ensure the proper administration and security of the online test.

Test Administrator Task Checklist	
Before Testing	
	Read the <i>Test Administrator's Manual</i> (TAM).
	Have students take the practice test to become familiar with the portal interface and tools, as well as the various question types.
	Meet with the School Test Coordinator (STC) to review the testing schedule and the procedures in this manual.
	Obtain Student Login Tickets and Session Access Codes from the STC for all students assigned to you.
	Secure scratch paper and pencils with erasers for each student you will be testing.
	Remember to charge laptops before testing.
During Testing	
	Post a "Testing—Do Not Disturb" sign on your classroom/lab door.
	Be sure that all students have comfortable and adequate computer workstations.
	Distribute student login tickets for each student assigned to you for testing.
	Post the Session Access Code for the test session at the front of the room.
	Monitor students to ensure they have logged on successfully and answer any procedural questions.
	Speak with your technology coordinator and/or Cognia Technical Support [877-676-6722, option 2] about any technology-related issues that arise.
	If a student needs to leave the test room for any reason, be sure an escort is available to accompany the student to and from the test room.
After Testing	
	Instruct students to exit the NM Summative Assessment testing kiosk at their workstations.
	Collect the Student Login Tickets and scratch paper.
	Remove (erase) the posted Session Access Code.

Appendix D: Submitting a Test Offline

What happened and why did my student receive this message?

Internet connectivity was lost after the student began testing and was not restored by the time the student completed the test. The student completed the test session and clicked "Turn in Test". The student's responses will be saved to the local folder configured when the NM Summative Assessment Kiosk was initially installed.

What do I do next?

1. Read the instruction in the message and click *Send Responses*, you will be notified to wait 10 seconds to allow time for the kiosk to check for an internet connection. If internet connectivity was reestablished before clicking *Send Responses*, the stored responses on this device will be sent to the servers and the kiosk will submit and exit the test. If there is no internet connection, the *Send Response* button will show up again. From here you can try to establish internet connection and click *Send Responses* again or move on to step 2.
2. Enter the proctor password to acknowledge that you have read and understand the instructions.
3. Select *Accept and Exit Test*.
4. Reestablish the device's connection to the internet as soon as possible.
5. Relaunch the NM Summative Assessment Kiosk from the same device that received the initial error. Student responses will be automatically sent as soon as the NM Summative Assessment Kiosk is relaunched and the NM Summative Assessment Kiosk will be available for another student's test.

Appendix E: NM-MSSA Calculator Policy

NM-MSSA Calculator Use in Mathematics		
Grade	Session 1	Session 2
3	None	Basic
4	None	Basic
5	None	Basic
6	None	Basic
7	None	Scientific
8	None	Scientific

Students should be thoroughly familiar with the operation of the calculator they plan to use on the assessment.

Paper-Based Test (PBT)

Students in grades 3–5 who are taking the PBT can use a school provided or personal four-function calculator with a square root key during Session 2. Students in grade 6 who are taking the PBT can use their own four-function calculator with a square root key during Session 2. *This is a change from previous years.* Students in grades 7–8 who are taking the PBT can use their own scientific calculator during Session 2. The memory on any hand-held calculator **must be cleared** before the test begins.

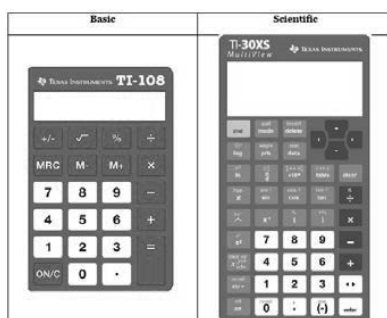

Computer-Based Test (CBT)

A calculator is available online in the eMetric platform. Students in grades 3–5 who are taking the CBT can use a school provided or personal four-function calculator with a square root key during Session 2. Students in grade 6 who are taking the CBT can use a school provided or personal four-function calculator with a square root key during Session 2. *This is a change from previous years.* Students in grades 7–8 who are taking the CBT can use a school provided or personal scientific calculator during Session 2. The memory on any hand-held calculator **must be cleared** before the test begins. You can clear the memory on the TI-30XS by:

Reset the TI-30XS MultiView

- You can ensure that everyone starts at the same point by having students reset the calculator: Press **on** and **clear** simultaneously or press **2nd** **[reset]** and then select **2** (Yes).

The images below show the calculators that are available for use in the online testing platform.

Calculator Accommodations

For students with Individualized Education Programs (IEPs), follow each child's documented and required accommodations.
