

# 2022-23 Fact Sheet

## Spanish Reading Standards Based Assessment

Spanish Reading SBA is New Mexico’s statewide summative assessment for Spanish language arts administered at the end of the 11th grade. Spanish Reading SBA should only be assigned to students for whom the SAT language test is not appropriate. As Spanish Reading SBA is a single measure at the end of a grade band, interpretations and uses of scores should be supplemented with additional measures, including information from classroom summative and formative assessments as well as interim assessments.

### Who takes the Spanish Reading SBA in 2022-23?

New Mexico 11th grade students for whom the SAT ELA assessment is not appropriate. To be eligible to take the Spanish Reading SBA, a student must be enrolled in a U.S. school for three years or less. The PED-approved EL waiver must be on file for any student needing to take the assessment after the third year. An approved EL waiver will allow for an additional year or two of testing.

### What does the test measure?

The Spanish Reading SBA is intended to measure how well a student has gained the knowledge and skills acquired as they progress towards the [New Mexico Common Core State Standards](#) in Español.
