

The image shows a single row of Braille characters. Each character consists of a 2x5 grid of dots. The sequence of characters represents the word "WATER" in Braille. The first character has dots in positions (1,1), (1,2), (1,3), (2,1), and (2,2). The second character has dots in positions (1,1), (1,2), (1,3), (2,1), and (2,3). The third character has dots in positions (1,1), (1,2), (1,3), (2,1), and (2,2). The fourth character has dots in positions (1,1), (1,2), (1,3), (2,1), and (2,2). The fifth character has dots in positions (1,1), (1,2), (1,3), (2,1), and (2,2). The sixth character has dots in positions (1,1), (1,2), (1,3), (2,1), and (2,2). The seventh character has dots in positions (1,1), (1,2), (1,3), (2,1), and (2,2).

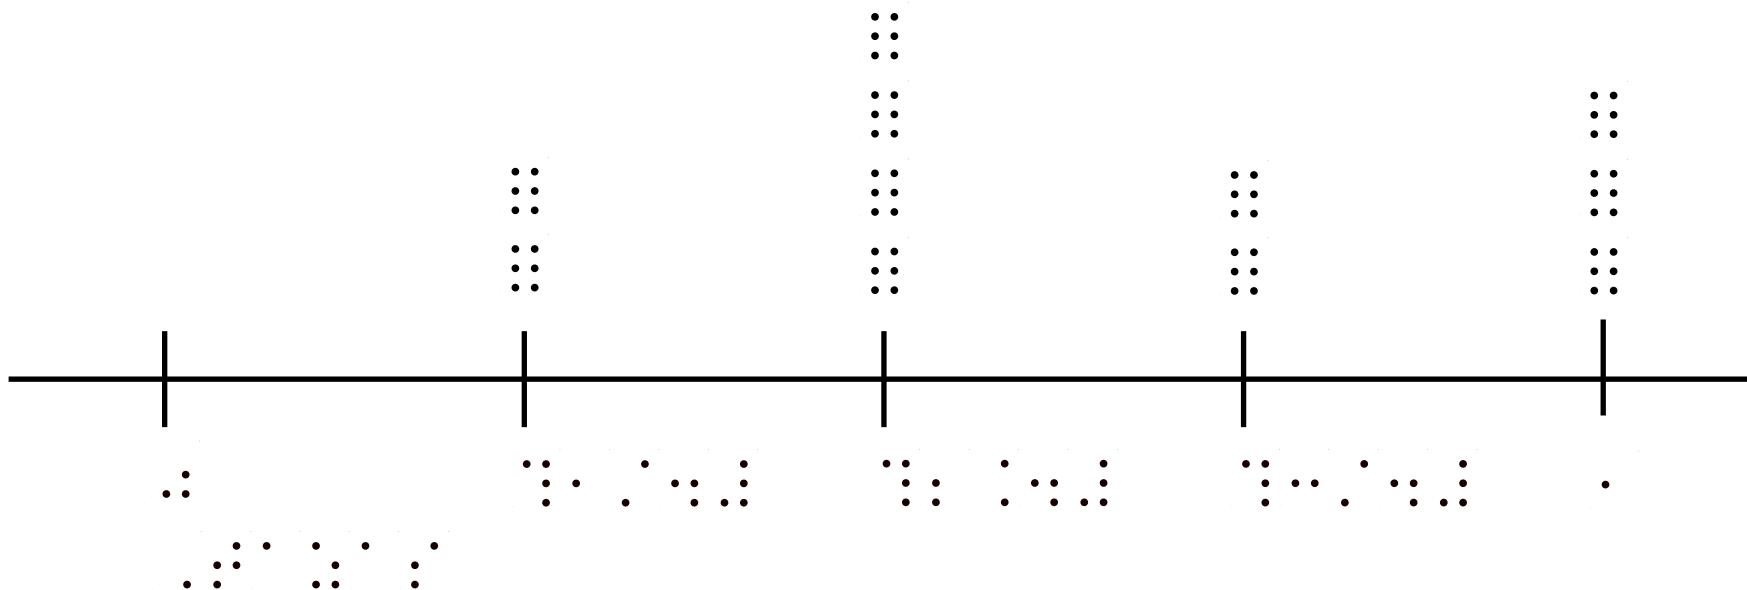

A horizontal row of Braille characters, each consisting of a 2x5 grid of dots. The characters represent the word "WATER" in capital letters. The first character has dots in positions (1,1), (1,2), (1,3), (1,4), (1,5), (2,1), (2,2), (2,3), (2,4), (2,5). The second character has dots in positions (1,1), (1,2), (1,3), (1,4), (1,5), (2,1), (2,2), (2,3), (2,4), (2,5). The third character has dots in positions (1,1), (1,2), (1,3), (1,4), (1,5), (2,1), (2,2), (2,3), (2,4), (2,5). The fourth character has dots in positions (1,1), (1,2), (1,3), (1,4), (1,5), (2,1), (2,2), (2,3), (2,4), (2,5). The fifth character has dots in positions (1,1), (1,2), (1,3), (1,4), (1,5), (2,1), (2,2), (2,3), (2,4), (2,5). The sixth character has dots in positions (1,1), (1,2), (1,3), (1,4), (1,5), (2,1), (2,2), (2,3), (2,4), (2,5).

A diagram consisting of 9 black dots arranged in three groups. The first group on the left contains 2 dots. The second group in the middle contains 3 dots. The third group on the right contains 4 dots.

The diagram consists of two separate groups of black dots. The left group contains 6 dots arranged in a roughly triangular or diamond-like shape. The right group contains 7 dots arranged in a similar pattern. Both groups of dots are positioned at the top of their respective columns.

It is a good idea to have a few  
of these in your pocket or bag.  
In addition to the  
above, you will need:  
A small  
handkerchief  
and a  
small  
pocket knife.

A 2x3 grid of black dots, arranged in two rows and three columns.

A 2x3 grid of six black dots arranged in two rows and three columns.

A scatter plot with 10 data points. The x-axis has 10 tick marks, and the y-axis has 5 tick marks. The data points are as follows:

x	y
1	1
2	1
3	1
4	1
5	1
6	1
7	1
8	1
9	1
10	1
