The student tools and a few of the accessibility features & accommodations available in the kiosk are in the tool bar at the bottom left corner of the testing interface. Hovering over each tool, accessibility feature or accommodation icon will reveal the tool, accessibility feature or accommodation name. Clicking on each icon will activate the tool, accessibility feature or accommodation.

Please note: The tools available for each question in the test may vary.

Answer Eliminator

claims she does not need to use any measuring tools during investigation 1. Which sentence describes her claim?

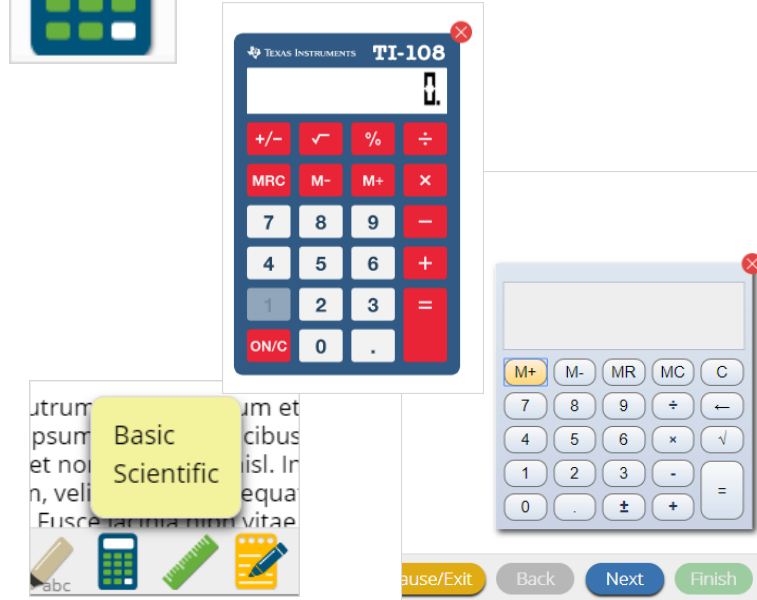

Hide All

- ☒ (A) ~~Her claim is correct because she does not measure the amount of gas produced.~~
- ☐ (B) Her claim is correct because she mixes four different combinations of liquid and solid.
- ☐ (C) Her claim is incorrect because she uses a beaker to measure the amount of liquid used.
- ☐ (D) Her claim is incorrect because she uses a balance to measure the amount of solid used.

Answer Eliminator: Provides the ability to cross-out multiple-choice answers on a test. Answer choices may not be selected while they are crossed-out.

Calculator

Calculator: Basic or Scientific calculators may be available on selected items in a test. For iMSSA Interim Assessments Texas Instruments calculators will be displayed in the student testing interface.

Line Reader

Line Reader: Helps the student focus on one or more lines of text when reading test content. Use the mouse or touch screen to raise and lower the tool for each line of text onscreen. Adjust the number of lines in the guideline tool window with the Resizing Handle.

Notepad

Notepad: Provides location for student's notes. Each item has its own notepad and notes persist uniquely per item. The notepad is resizable, draggable, and displays a timestamp for when its contents were last modified.

- The notepad is retained per item. If the student writes notes on Item 1, navigates to Item 2, returns to Item 1, the item 1 notes will still be there.
- Notes on passages are viewable for all items pertaining to the passage.
- Notes are NOT saved if a test is exited.
- Notes are NOT saved if a student finishes a test session.

Sketch: Provides sketch pad with the following features.

- Students may sketch using black, red, or blue brushes.
- Students may highlight using a semi-transparent yellow highlighter brush.
- Students may erase sketches and highlighting using the eraser.
- Students may draw anywhere on the item area while still being able to click on distracters.

Sketches and highlighting uniquely persist per item. If a passage that is shared across multiple items is highlighted, the highlighting will persist. They can only be viewed by the student while taking the test and will not be visible to the scorer once the test has been submitted. The Sketch tool is not available on constructed response items.

Note: If the student exits the test, the sketches and highlighting will not be there when the student returns to the test.

Error Messages when navigating to the Student Testing Interface web site:

There was a problem while launching the kiosk. Please check your internet connection or your access permissions to the cache folder.

[Click here to try again.](#)

Why did my student receive this error?

There are two reasons your student would receive this error message:

1. No internet connection on the device, resulting in the student testing interface not being able to launch on the web browser.
2. A browser caching issue with the student testing interface.

What should I do?

1. Establish an internet connection and click Try again.
2. If this doesn't resolve the issue or if internet connection is already established, clear the browser's history/browsing data on the device, including the Hosted app data.
3. After the browsing history/data has been cleared close the browser then open to a new tab and navigate to the site again.

Internet connectivity was lost while the student was submitting their completed test. The student completed the test session and clicked "Turn in Test". The student's responses will be saved to the local folder for the browser.

What do I do next?

1. Read the instructions in the message and click **Send Responses**, you will be notified to wait 10 seconds as the student testing interface tries to determine if there is internet connection. If internet connectivity was reestablished before clicking Send Responses, the stored responses on this device will be sent to the servers, the test will submit, and the student testing interface will exit the test. If there is no internet connection, the Send Response button will appear again. From here you can try to establish internet connection and click Send Responses again or move on to step 2.
2. Proctor reads and acknowledges that they have read and understand the instructions by checking the box.
3. Select **Accept and Exit Test**. Student will be taken to the Student Interface login page. (if you refresh you will get the browser internet connection error)
4. Reestablish a connection to the internet.
5. Navigate to the student testing interface login screen, the student's stored responses will be synced, and test will be submitted. As an option the student can re-login and navigate to the student information screen and confirm the test session submitted is completed, it will be greyed and crossed out.

Troubleshooting Tips

Clearing Browser Data

If for some reason any of the online testing files become corrupt, clearing the browsing data along with hosted app data will force the student testing interface to download a new set of cache files.

NOTE: Do not clear browsing data/cache when a student has submitted a test offline and you are trying to establish internet connection .

How do I clear browsing data?

1. Depending on the browser click on the 3 dots or 3 lines in the upper right-hand corner of the browser (see Chrome and Edge examples on this slide).
2. Select History, in some web browsers you will be able to clear browsing history from here, in others you will select history again.
3. Click on Clear browsing data: Browsing History, Download History, Cookies and other site data, cached images and files, and Hosted App data all need to be selected.
4. Click on Clear Data or Clear now.
5. After cleared closed browsing window.
6. Open new browsing window and navigate to the student testing interface website.
7. Log into the test again.
